SPECIAL MEETING MONDAY, MAY 2nd, 1932

Present: His Honor, the Mayor, Ben S. Rhodes, Aldermen Gray, Welch, Summers, Simshauser, Harting, Hayes, Kurtz, Sargent, Gunn, Schueth, Irvin, Olson.

Absent: Aldermen Donovan, Raycraft.

On motion by Alderman Summers the reading of the minutes of the regular meeting Friday, April 29th, 1932, was dispensed with and were approved as printed.

The newly elected alderman, Harry Marquardt, having previously taken his oath of office, assumed his respective place.

The Clerk was directed to call the roll, which showed that the new Council was composed of the following:

Present: Aldermen Welch, Gray, Simshauser, Summers, Hayes, Harting, Sargent, Kurtz, Gunn, Schueth, Olson, Irvin. 13.

Absent: Alderman Donovan. 1.

His Honor, the Mayor, presented the following report:

To the Honorable Council of the City of Bloomington, Illinois:

GENTLEMEN:—The fiscal year of the City of Bloomington ending April 30, 1932, has ended, and I am submitting to you my annual report for said fiscal year. I have completed my fifth year as Mayor of Bloomington, and I believe that with your assistance the affairs of the City of Bloomington have been conducted in a manner which meets the approval of the people.

Naturally the biggest thing in the affairs of the City, and the one which first comes to mind, is our water supply system. In my annual report to you on May 4, 1931, I recounted that for a year we had been working on a plan to refinance and take over Lake Bloomington and the pumping plant from the Bloomington Water Company, the Water Company being in such a condition that it was not able to pay anything upon the principal of its indebtedness, and at that time I stated that we had made arrangements to sell Water Revenue Bonds to three Chicago Bond houses, and were pushing an act through the Legislature authorizing the issuance of Water Revenue Bonds which would not be general obligations but would be payable solely out of the water receipts.

We were successful in having this act passed by the Legislature, and its constitutionality was conceded because it complied with and was built on a decision of the Supreme Court handed down shortly before that time. The issuance

and sale of the Water Revenue Bonds was put through according to the plans, and on September 1, 1931, we delivered the bonds in the amount of $1,483,000.00 to the Chicago Bond houses and received our money. These bonds were originally to have been 5% bonds, but at the request of the Bonded Houses were made 4¼% bonds and a larger amount issued, but the ultimate amount paid will be the same.

From the money realized by the sale of the bonds the Bloomington Water Company was paid off in full, including its preferred stock, bonds, indebtedness, etc., and Lake Bloomington and the pumping plant and the lands and all the property of the Water Company became the property of the City. The City received a deed for all of the real estate and an assignment of all the other assets. It was very fortunate for the City that the issuance and sale of these Water Revenue Bonds was consummated without delay. We sold the bonds at a very good price, but it was shortly thereafter that the bond market fell to pieces, and if we had not sold the bonds when we did the refinancing project undoubtedly would have been delayed for several years at least. In fact, I think that the three houses which bought the bonds will make no profit from them even if they do not sustain a loss.

The refinancing of the Lake Bloomington project and its acquisition and operation by the City accomplishes an annual saving of from $20,000.00 to $25,000.00 against its operation by the water company. This saving is effected in the rate of interest and the fact that the City will not have to pay taxes upon the property and by the further fact that by avoiding duplication the City can operate the Lake Bloomington plant in conjunction with its own plant more economically than the Water Company could operate the Lake Bloomington plant alone. We now are operating the Lake Bloomington plant and our local water and electric light plant under the single management of Mr. Chester C. Williams, Superintendent of Water Works and Electric Lighting, and the whole set-up is going along in a most satisfactory manner. Our whole water situation is upon a most substantial and economic basis and I feel that we have very competently completed the greatest single project every undertaken by the City of Bloomington.

Lake Bloomington has become a mecca for people on outings and picnics, and it was recognized some time ago that some kind of a comfort station and shelter house was necessary in order to allow the people to obtain the full good and advantage from the Lake and the surrounding lands. With this in view we planned the erection of a building which is to be known as Hubbard Lodge, and which now is in the course of construction. It will be completed and ready for use in a very short time. It is located about a quarter of a mile south of the pumping station on a beautiful point which affords probably the best view of the Lake that can be had. It was not erected with the idea of making it a dancing pavilion or anything of that sort, but with the object of affording necessary facilities and shelter for people who come to the Lake. It is constructed almost wholly of logs, and the material and work has been obtained at a very reasonable figure. It undoubtedly when completed will be very beautiful in its wooded setting and will be a great convenience and highly appreciated by the people.

Another important and far-reaching improvement which has been accomplished during the year also has to do with the Water and Electric Light plant. For some few years we have known that the major portion of our power generating and pumping equipment at the local plant had about outlived its usefulness and should be replaced. During the year a special committee from the Council made an exhaustive study of different types of equipment and as a result there was purchased from the Fairbanks, Morse Company three Diesel engines and pumps and other equipment at an expense of a little over $140,000.00. Under our contract with the company this amount is not a burden upon the taxpayers but is to be paid in instalments out of the water receipts. A new plant is being erected at this time at the local water plant to house the Diesel engines, and it will soon be completed and the engines and other equipment installed and in operation. The construction of this building undoubtedly is a matter of economy and of future planning, because to install the engines in the old building would have cost almost as much on account of the great amount of alteration and reconstruction that it would entail, and then a satisfactory operating condition would not have been attained. While there is still some equipment at the Water

plant that will become obsolete in the near future, we feel that when this new equipment is put in operation we will have a very modern and practical plant.

In my report of a year ago I spoke of our commercial electric department and stated it had about 485 customers. During the past year the number of customers has increased to 1,000, which is the capacity of the present plant. During the year we have spent comparatively little upon the plant out of the general funds, the largest expenditures having been made during the first year of operation. Our record of running up to a thousand in less than two years compares more than favorably with that of other cities which have entered into this field. This project was started after a vote of the people directing it, and I feel that we have more than kept faith with the people in this particular.

The finances of the City are always the most interesting and fundamental subject, and I am happy to report that even under the most adverse conditions we have known for years our affairs are in a most gratifying condition. In the assessment for taxes made in 1930 property values in the City of Bloomington lowered approximately 17%. This, of course, meant a substantial loss in revenue to the City, this loss amounting to $60,000.00 or $80,000.00. Most fortunately the City of Bloomington is and has been for some time past operating on a cash basis, issuing no tax anticipation warrants, and this condition has enabled us to operate the City without the financial crisis that has embarrassed many other tax spending bodies. We are curtailing expenses in every possible direction, and will have to continue to do so for some time to come. I am most insistent that the City live within its means and with your help will make effort to endeavor to operate efficiently upon the money that comes to us and to avoid the anticipating future income. I believe that this is the safe and sane policy and the only one that can insure stability.

No report of the year's activities would be complete without a reference to the depression through which we have been going and the consequent unemployment situation. Hundreds of men who are willing to work have been unemployed in the City and every effort has been made by the citizens to take care of the situation. Too much cannot be said concerning the noble work of the Relief Committee under the Chairmanship of Mr. Ned Dolan. It is my opinion that every able-bodied man who is helped from the Relief Funds should render service to the community as a recompense for the aid given him. In this manner the City can get many things accomplished which it otherwise would be unable to do, and the men themselves would not feel that they were wholly upon charity. This idea has been carried out to some extent, and about 2500 days work at Lake Bloomington have been put in by men who were receiving this relief. It seems to me that this system is sound and productive of good results both for those who give and those who receive.

In this connection on February 15 of this year we asked the City employees to accept a wage reduction until May 1 for the purpose of creating a fund out of which extra labor could be employed and thus relieve the unemployment situation somewhat. The employees responded almost to a man, and since February 15 the heads of departments have contributed 10% of their salary and the other employees 5% of their wages to this fund, and about $3600.00 has resulted therefrom. This money has been used for the above purpose and has contributed materially to the alleviating of unemployment. I think that the heads of departments and the employees are to be congratulated upon the willingness with which they made this sacrifice.

Public improvements such as pavements, water mains and sewers are at a practical standstill in Bloomington as well as in other cities, and this condition is only natural as the result of the economic situation. People are not in a condition to pay for these improvements, and it is our policy not to force their installation except in the very few cases where they are an absolute necessity. The only major public improvement which we have is the paving of Allin street from Washington street to Walnut street. This improvement was confirmed in court over a year ago, was delayed until this year by agreement with the property owners, and is now about to be constructed. We are contemplating a few other small improvements, but none of any great importance. The new Post Office building is about completed, and probably will be occupied during the Summer.

I have not attempted in this report to cover in detail all that has happened during the past year, but merely have pointed out a few of the more important

accomplishments. In all my work I have had the most faithful and intelligent support from the Council, and I have no hesitancy in saying that the men who compose this body are working whole heartedly for the interests of the City and are giving the people able and intelligent services. I also feel that the heads of departments and employees of the City are doing their work in a manner which should be commended. It is my duty to see to it and require that they do the work of the people in an efficient manner, and it is always my effort to see that each department is functioning properly. On account of the trying times through which we are passing it is necessary that every official, whether elected or appointed should strive to give to his work the best that is in him in order that public functions will be affected as little as possible by the unfortunate economic conditions. I thank you and them for all you have done and I know that in the future the same spirit of sacrifice and efficiency will continue.

Dated this 2nd day of May, A. D. 1932.

Respectfully submitted,
BEN S. RHODES,
Mayor.

On motion by Alderman Welch the report was received and placed on file.

Special meeting Tuesday, May 3, 1932.

The meeting was held pursuant to a call by the Mayor of said City, said call being in writing, signed by said Mayor, and filed with the City Clerk of said City on May 2, 1932, at 4:00 o'clock P. M., said call being in the following words and figures:

I, Ben S. Rhodes, Mayor of the City of Bloomington, Illinois, do hereby call a special meeting of the City Council of the City of Bloomington, Illinois, to be held at the Council Chamber in the City Hall building in said City on Tuesday, May 3, 1932, at 7:30 o'clock P. M. The object and purpose of said meeting is to consider and act upon an ordinance making the annual tax levy for defraying the expenses of the public schools of the City of Bloomington, Illinois, for the fiscal year ending March 31, 1933, for educational and other purposes, and the consideration of all matters pertaining to said ordinance. The City Clerk hereby is instructed to issue the necessary notices to the members of said Council.

Dated this 2nd day of May, A. D. 1932.

BEN S. RHODES,
Mayor.

The City Marshal of said City on May 2, 1932, personally delivered to the Mayor and each Alderman of said City, except Alderman Frank Donovan, a notice under the hand and seal of the Clerk of said City, directed to the Mayor and each Alderman respectively, stating the time and place of holding such meeting and the object and purpose of the same. On the same date, not being able to make personal service upon Alderman Frank Donovan, a like notice was left under the direction of said City Marshal at the usual place of abode of said Alderman.

There were present at said meeting the following: His Honor, the Mayor, Ben S. Rhodes, and Aldermen Welch, Gray, Simshauser, Summers, Harting, Sargent, Kurtz, Gunn, Schueth, Marquardt, and Irvin. Absent: Aldermen Hayes, Donovan and Olson.

The Clerk presented the following ordinance:

AN ORDINANCE
MAKING THE ANNUAL TAX LEVY FOR DEFRAYING THE EXPENSES OF THE PUBLIC SCHOOLS OF THE CITY OF BLOOMINGTON, ILLINOIS, FOR THE FISCAL YEAR ENDING MARCH 31, 1933, FOR EDUCATIONAL AND OTHER PURPOSES.

Be It Ordained by the City Council of the City of Bloomington, Illinois:

Section 1. Presented by Alderman Harting.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Sidewalk Committee to whom was referred the following resolutions, would respectfully report that we have investigated the same and would recommend that the work be done.

Resolution by Alderman Schueth: That the Supt. of Streets be and is hereby instructed to remove one (1) dead tree at 307 West Empire street.

Resolution by Alderman Harting: That the Supt. of Streets be and is hereby instructed to lower two (2) concrete blocks at 606 West Jackson street, also one (1) at 722 West Mill street, also repair sidewalk intersection at the southwest corner of Grove and Mason streets.

Resolution by Alderman Irvin: That the Supt. of Streets be and is hereby instructed to lay intersection from walk to curb on the south and north side of Packard street at Magoun street.

Respectfully submitted,

CHARLES H. HARTING
DEWITT GRAY
P. J. IRVIN
Sidewalk & Bridges Committee.

On motion by Alderman Harting, seconded by Alderman Gray, the report was adopted and recommendations concurred in.

Presented by Alderman Gunn.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Fire Committee and Fire Marshal to whom on April 29, 1932, there was referred a motion of Alderman Simshauser directing an investigation of the condition of the east wall of the building known as the Coliseum, located at the northwest corner of Roosevelt avenue and Front street, respectfully would report that we have made a thorough investigation of the matter. Besides ourselves, we had with us Charles Mattson, Deputy State Fire Marshal, and Mr. Harry Dick, a building contractor of wide experience. We found that the Coliseum is constructed in such a manner that the east wall complained of has nothing whatever to do with the support of the roof or the remainder of the building. The building is constructed of a number of large arches which run parallel to the front of the building and the lower ends of which rest on footings which are not connected with the east wall in question. Therefore, any defect in the east wall would have no effect on any other part of the building. We found that the said east wall leans outward six or eight inches.

We would recommend that the footings which support the aforesaid arches be examined to ascertain their present condition as to stability and safety, and also that anchor rods and plates be installed in the east wall and connected with each arch in order to make the said east wall entirely safe. We have consulted with Mr. George F. Dick, President of the Peoples Bank, which is Trustee of the said property, and Mr. Dick very readily assured us that he would have the said anchor rods and plates installed and that he would have the footings of the arches investigated as above recommended. Mr. Dick is very fair about the whole matter and entirely willing to co-operate with this Council in all matters pertaining to the safety of the building.

Dated this 12th day of May, A. D. 1932.

Respectfully submitted,

FRANK H. GUNN
M. B. HAYES
F. OLSON
Fire Committee.
ROLLA NEAL
Fire Marshal.

On motion by Alderman Gunn the report was adopted and recommendations concurred in.

Presented by Alderman Olson.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Streets and Alleys Committee to whom was referred the following resolutions would respectfully report that we have investigated the same and would recommend that the work be done.

Resolution by Alderman Schueth: That the Supt. of Streets be and is hereby instructed to repair manhole in street at 201 West Union street, also curb at the southeast corner of Walnut and Lee streets intersection.

Resolution by Alderman Hayes: That the Supt. of Streets be and is hereby directed to repair curb and pavement at the southeast corner of Oakland and Main streets.

Resolution by Alderman Hayes: That the Supt. of Streets be and is hereby directed to cut down alley back of 1308 South Main street.

Resolution by Alderman Irvin: That the Supt. of Streets be and is hereby directed to connect open ditch in front of 120 Weldon street with the Weldon street sewer.

Resolution by Alderman Olson: That the Supt. of Streets be and is hereby directed to repair intersections at Morris avenue and Olive street, also Morris avenue and Moulton street, also replace curb at the new Raymond school.

Respectfully submitted,
F. OLSON
DEWITT GRAY
WILLIS SCHUETH
Streets & Alleys Committee.

On motion by Alderman Olson the report was adopted and recommendations concurred in.

Presented by the Clerk.

Bloomington, Illinois, May 13, 1932.

Comptroller.

Motion by Alderman Kurtz that the bills and pay rolls be allowed and orders on the Treasurer drawn in payment of same.

The Clerk was directed to call the roll, which resulted as follows:

Ayes: Welch, Gray, Simshauser, Summers, Hayes, Harting, Sargent, Kurtz, Gunn, Donovan, Schueth, Marquardt, Olson, Irvin.

Nays: 0.

Motion carried.

Presented by Alderman Gray.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Police Committee to which on May 13, 1932, there was referred the matter of a stricter enforcement of the speed laws and other traffic regulations, including operating with improper lights, would respectfully report that we have met and considered the matter, and have taken steps to accomplish the object which the Council desires. The matter of speeding and lights is difficult to regulate on account of the great number of miles of streets to be patrolled and the minimum number of police officers which on account of the times the City is able to maintain. We fully realize that this practice should be stamped out, and every effort should be used to this end.

We have communicated with the Chief of Police, instructing him to use every effort to curb the practice of speeding and driving with improper lights, and to instruct his men to make arrests wherever possible. We believe that the Chief and the officers will make an honest effort to control these and other violations, and we trust that the results of the work of the police force will be satisfactory.

Respectfully submitted,
DEWITT GRAY
CHARLES H. HARTING
CHARLES H. KURTZ
Police Committee.

On motion by Alderman Gray the report was adopted and recommendations concurred in.

Bloomington, Illinois, May 20, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Police Committee to whom was referred the request by the Veterans of Foreign Wars to sell poppies on May 28, have taken the request up with Mr. Jack Warren and he is willing to take Saturday, May 21st, 1932, and we would recommend that they be given that day.

Respectfully submitted,
DEWITT GRAY
C. H. KURTZ
CHARLES H. HARTING
Police Committee.

On motion by Alderman Gray the report was adopted and recommendations concurred in.

Presented by Alderman Harting.

Bloomington, Illinois, May 20, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Sidewalk Committee to whom was referred the following resolutions would respectfully report that we have investigated the same and would recommend that the work be done.

Resolution by Alderman Summers: That the Supt. of Streets be and is hereby instructed to cut down two (2) dead poplar trees at 801 West Monroe street.

Resolution by Alderman Marquardt: That the Supt. of Streets be and he is hereby instructed to remove dead trees at 303 and 311 East Kelsey street.

Resolution by Alderman Schueth: That the Supt. of Streets be and he is hereby instructed to remove three (3) dead trees at 912 North Main street.

Resolution by Alderman Gray: That the Supt. of Streets be and he is hereby instructed to remove dead tree at 601 East Market street.

Respectfully submitted,
CHARLES H. HARTING
DEWITT GRAY
P. J. IRVIN
Sidewalk & Bridges Committee.

On motion by Alderman Harting the report was adopted and recommendations concurred in.

Presented by Alderman Olson.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Streets and Alleys Committee to whom was referred the resolution of Alderman Summers, to place posts on the east side of Morris avenue, south of Market street, would respectfully report that we have investigated the same and find that the street is so narrow that if posts were placed on this street it would be impossible for two (2) cars to pass with safety, and we would recommend that the City Attorney take the necessary steps for the acquiring of enough property to make this street a safe width.

Respectfully submitted,
F. OLSON
DEWITT GRAY
WILLIS SCHUETH
Streets & Alleys Committee.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Streets and Alleys Committee to whom was referred the following resolutions would respectfully report that we have investigated the same and would recommend the following:

Resolution by Alderman Kurtz: That the Supt. of Streets be and he is hereby requested to repair brick pavement on Gridley street, between Olive and Grove streets, also that he be requested to repair brick pavement where needed on McClun street, between Grove and Washington streets. The pavement on these two streets are in such a bad condition that we think it would not be advisable for the city to go to the expense of repairing the same. We would recommend that the property-owners along these streets be notified to put the streets in proper condition, or that the Board of Local Improvements be instructed to repave the same as a public necessity.

Resolution by Alderman Summers: That the Supt. of Streets be and is hereby instructed to repair holes in West Mulberry street pavement with concrete instead of asphalt. We have investigated the same and have found that the 600 and 700 block on this street is beyond repair and would recommend that the property-owners be notified to re-surface the pavement in these two blocks, and that the Supt. of Streets be instructed to repair the remaining blocks.

Respectfully submitted,
F. OLSON
DEWITT GRAY
WILLIS SCHUETH
Streets & Alleys Committee.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Streets and Alleys Committee to whom was referred the following resolutions would respectfully report that we have investigated the same and would recommend that the work be done.

Resolution by Alderman Harting: That the Supt. of Streets be and he is hereby instructed to replace the curb on Center street, between Olive and Kentucky Alley, also repair the curb where necessary on Center street, between Kentucky Alley and Mill street.

Resolution by Alderman Harting: That the Supt. of Streets be and he is hereby instructed to repair rough pavement on Grove street, between Madison and Center streets.

Resolution by Alderman Harting: That the Supt. of Streets be and he is hereby instructed to straighten the curb and bring the pavement to grade at the southwest corner of Lee and Moulton streets.

Resolution by Alderman Simshauser: That the Supt. of Streets be and he is hereby instructed to repair bad depression in pavement in 600 block West Washington street. We would recommend that the City Attorney be instructed to notify the Illinois Power and Light to repair this pavement in tracks.

Respectfully submitted,
F. OLSON
DEWITT GRAY
WILLIS SCHUETH
Streets & Alleys Committee.

On motion by Alderman Olson the reports were adopted and recommendations concurred in.

Presented by the Clerk.

Bloomington, Illinois, May 20, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—The City of Bloomington has engaged the services of the Traffic Department of the Association of Commerce for the past five years on

the basis of $500.00 per annum. The services include the supervision of the many transportation matters surrounding shipments in which the City of Bloomington might be interested.

In our last report to the City Council we advised that we were still involved in the Coal Rate Investigation, the first of its kind on the part of the Interstate Commerce Commission on strictly Illinois intra-state rates, and this was due to petition on the part of the various railroads who felt that the Illinois Commerce Commission's orders required the establishment of unduly low rates.

The Interstate Commerce Commission has issued its order requiring rates from Springfield and Southern Illinois to Chicago to be increased by 5c per ton, which was the amount of the decrease ordered by the Illinois Commerce Commission, and these rates are what the railroads were aiming at primarily.

The recent order of the Commission set June 10th as the effective date of the new rates but the time was extended until July 10th upon petition by the carriers who could not agree among themselves as to the rates to be established.

There was and still is some danger of the rate from Springfield to Bloomington being increased to $1.15, the present rate being $1.00, per ton, but we have strenuously opposed this course of applying the Commission's order and have insisted upon the carriers using the alternative which would result in a rate of 94c instead of $1.00 rate from Springfield proper.

There is a very reasonable opportunity of securing the 94c rate which in and of itself will effect a saving not only to the City of Bloomington but its populace as well.

We are offering the services of the Traffic Department for the year 1932 on the same basis as previous years, which we feel is fair and reasonable. If this amount can be increased it will be much appreciated.

If any traffic information is desired by any member of the City Council on any subject, our Mr. Henninger will be glad to supply it.

Yours very truly,
F. W. WOLLRAB, *President*
F. D. E. BABCOCK, *Secretary*

Motion by Alderman Kurtz, seconded by Alderman Sargent that the petition be granted.

The Clerk was directed to call the roll, which resulted as follows:

Ayes: Welch, Gray, Simshauser, Summers, Hayes, Harting, Sargent, Kurtz, Donovan, Gunn, Schueth, Marquardt, Olson, Irvin. 14.

Nays: 0.

Motion carried.

Presented by the Clerk.

Bloomington, Illinois, May 16, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

We, the undersigned garage operators in the City of Bloomington, Illinois, hereby petition the Honorable Mayor and City Council of the City of Bloomington, Illinois, to enforce Section 37 of the Traffic Ordinance of the City of Bloomington, Illinois, pertaining to parking on the streets after 2:00 a. m.

(Signed by 29 Garage Operators.)

On motion by Alderman Hayes the petition was referred to the Police Committee.

Alderman Gray of the Police Committee presented a verbal report directing the Police Department to enforce the Traffic ordinance.

Presented by the Clerk.

Bloomington, Illinois, May 20, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

We, the undersigned, the Kurt Brothers, of Monticello, Iowa, hereby make application to you for a permit to build a retail oil station on the northwest corner of the intersection of Locust and Catherine streets, Bloomington, Illinois, said station to consist of a metal building, approximately 10 feet by 14 feet, 3 pumps, an air compressor, grease rack, and any other necessary equipment for retail purposes.

We also want permission from you to cut the curbs necessary to make approaches for this station. We wish to assure you that we will keep the entire station and grounds in a sanitary condition at all times.

We would appreciate very much if you could act on this application and grant us the permit at your meeting on the evening of May 20, 1932, in order that we may get started to work immediately.

Respectfully yours,
THE KURT BROTHERS,
By HARVEY C. KURT.

On motion by Alderman Gunn the petition was referred to the Fire Committee and Sidewalk Committee with power to act.

Presented by the Clerk.

Bloomington, Illinois, May 18, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

As Memorial Day is approaching, we do not forget your generosity in the past. On behalf of the members of the Grand Army Post, I am asking for the usual donation of seventy-five dollars to assist us in decorating with flags and flowers over 800 graves of our comrades now sleeping in the cemeteries of our county and to hold other exercises of the day for the soldiers of all wars.

We cordially invite your honorable body to join with us in paying tribute to the dead soldiers of our country.

Respectfully,
J. H. JUDY,
Commander of William T. Sherman Post, Grand Army of the Republic.

On motion by Alderman Welch the petition was granted.

Ayes: Welch, Gray, Summers, Harting, Hayes, Sargent, Kurtz, Gunn, Donovan, Schueth, Marquardt, Olson, Irvin. 13.

Nays: 0.

Motion carried.

Presented by Alderman Donovan.

Bloomington, Illinois, June 3, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Light & Wiring Committee to whom was referred the resolution of Alderman Marquardt, May 20, 1932, reading as follows:

"That the City Attorney notify the Illinois Power & Light Corporation to remove the poles from the center of Clinton boulevard, from Empire street to Division street."

Would respectfully report that we have given this matter careful consideration and find there are seven lamps, and to remove poles, four of these lamps would have to be taken down. Approximately 18 poles could then be removed.

Taking into consideration the width of the boulevard, the beautiful forest trees and the type of improved property we believe the property owners should be furnished with an estimate of the cost of an ornamental lighting system, consisting of single light standards placed in the center of the parkway. The electricity to be fed through an underground circuit. As to furnishing an estimate we feel the proper approach to this matter is through the Board of Local Improvements.

Now, therefore, be it resolved by the City Council of the City of Bloomington, Illinois, that the Board of Local Improvements be and are hereby directed to prepare plans and estimate for such an ornamental lighting system, and that the Supt. of Water & Light be directed to furnish any and all information that the Board may require.

Respectfully submitted,
VAL SIMSHAUSER
FRANK DONOVAN
A. L. SARGENT

On motion by Alderman Donovan the report was adopted and recommendations concurred in.

Alderman Donovan orally reported on the petition presented by G. M. Leonard regarding light in 300 block South Low street. The said Alderman also presented a petition signed by 11 residents asking that the light be not removed.

Alderman Donovan then moved that the petition of G. M. Leonard be denied.

Motion carried.

Presented by Alderman Harting.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Sidewalk Committee to whom was referred the following resolutions would respectfully report that we have investigated the same and would recommend that the work be done.

Resolution by Alderman Schueth: That the Supt. of Streets be and he is hereby instructed to repair one (1) slab of sidewalk at 1301½ North East street, that was raised by tree roots.

Resolution by Alderman Marquardt: That the Supt. of Streets be and he is hereby instructed to cut down three (3) dead trees at 1208 North Evans street.

Resolution by Alderman Harting: That the Supt. of Streets be and he is hereby instructed to take down dead poplar tree at 305 West Oakland avenue.

Respectfully submitted,
CHARLES H. HARTING
DEWITT GRAY
P. J. IRVIN
Sidewalk & Bridges Committee.

On motion by Alderman Harting the report was adopted and recommendations concurred in.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your committee on sidewalks and bridges to whom was referred the request of R. J. Conroy of 1402 North East street for permission to cut curb for driveway at his residence property, would report that we have investigated same, and have granted the request.

CHARLES H. HARTING
DEWITT GRAY
P. J. IRVIN
Sidewalk & Bridge Committee.

On motion by Alderman Donovan the report was adopted and recommendations concurred in.

On motion by Alderman Olson, seconded by Alderman Summers the paving of West Mulberry street was postponed.

On motion by Alderman Marquardt, the smoke nuisance of the Illinois Wesleyan University was referred to the Health Committee.

On motion by Alderman Donovan the Police Committee and Chief of Police were directed to notify the owners of the garages and salesrooms on Roosevelt avenue, between Front and Jefferson streets, to cease the practice of using the street for display purposes.

On motion by Alderman Harting the following reports were received and placed on file.

Chief of Police, City Sexton and Plumbing Inspector.

On motion by Alderman Donovan the meeting adjourned.

AN ORDINANCE
PROVIDING FOR A CONCRETE SIDEWALK IN THE CITY OF BLOOMINGTON, ILLINOIS, ON ROOSEVELT AVENUE, EAST SIDE, FROM THE NORTH RIGHT OF WAY OF THE L. E. & W. R. R. TO A POINT TWO HUNDRED AND ELEVEN (211) FEET NORTH.

Be It Ordained by the Council of the City of Bloomington, Illinois:

Section 1. That a local improvement be and the same hereby is ordered to be made within the City of Bloomington, Illinois, the nature, character, locality and description of which is as follows:

That a cement sidewalk five (5) feet in width be and the same hereby is ordered to be constructed on Roosevelt avenue, east side from the north right of way of the L. E. & W. R. R. to a point two hundred and eleven (211) feet north.

Said sidewalk, in part, adjoining the line of the following described properties:

ADDITION OR SUBDIVISION	Side	Lot	Block	Front Feet
Painters 2nd Addition	W	2	10	64 0
Painters 2nd Addition	W	3	10	64 0
Painters 2nd Addition	W	6	10	64 0
Painters 2nd Addition N. 19 0 ft.	W	7	10	19.0

Sec. 2. Said sidewalk shall be so constructed that when completed the top of the inner edge thereof shall conform to the established grade, and the top of the walk shall be a perfect plane having a uniform incline from the inner edge toward the street of one-quarter of an inch in every foot. Said grade wherever practical shall be established five-tenths of one foot above the curb grade.

Sec. 3. The grade of this proposed improvement hereby is established as follows:

At a point on the east line of Roosevelt avenue, on the north right of way of the L. E. & W. R. R. at an elevation of 76.39 ft. above datum.

At a point on the east line of Roosevelt avenue, 211.0 feet north of the north right of way of the L. E. & W. R. R. at an elevation of 80.90 ft. above datum.

The above heights as fixed are and shall be measured from and referred to a plane as the base or datum for all city levels in said City, said plane referred to being 120 58 feet below the center of an aluminum plate placed near the southeast corner of the McLean County Court House, in Bloomington, Illinois, by the United States Geological Survey of 1905, and established by ordinance of the City Council of said City of Bloomington, approved November 10, 1905.

Sec. 4. Said sidewalk shall be constructed in accordance with the specifications and requirements set forth in an ordinance entitled, "An Ordinance establishing the standard for construction of cement concrete sidewalks in the City of Bloomington, Illinois, and providing for the method of payment for the same," passed by the Council of said City of Bloomington, on the seventh day of April, 1922, and approved by the Mayor of said City on the same day.

Sec. 5. Said sidewalk shall be paid for by special taxation of the lots or parcels of land touching upon the line where said sidewalk is ordered by the levying of the whole cost of that portion of said sidewalk which is to be in front of private property, upon each lot or parcel of land upon the line of said walk in proportion to the frontage in accordance with the said ordinance described in the last preceding section of this ordinance.

Sec. 6. That the City Attorney of said City hereby is authorized and directed, if the same shall be necessary, to file a petition in either the Circuit or County Court of McLean County, Illinois, in the name of the said City of Bloomington, praying that steps may be taken for the levying of a special tax for said improvement, or any portion thereof, and for the paying of the costs and expenses as above provided, in accordance with the laws of the State of Illinois; and that he take any and all other steps necessary to carry this ordinance into effect.

Sec. 7. All ordinances or parts of ordinances in conflict herewith hereby are repealed.

Sec. 8. This ordinance is declared to be urgent and necessary, and shall therefore take effect and be in full force from and after its passage and approval as provided by law.

BEN S. RHODES,
Mayor.

Presented by Alderman Marquardt.

Bloomington, Illinois, June 3, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

We, the undersigned, residents of the 6th ward, respectfully petition your honorable body to level off the ground which has been used as a general dump by the city and private parties, on East Emerson street just east of Linden street, on the north side of the street and extending to Sugar Creek.

Six or eight lots here have been used for dumping purposes and the level of these lots has been raised to that of the surrounding property. Automobile bodies have been put on top of this debris and now furnishes an eye sore that is very objectionable to the residents of this district and the general public of the city who may be driving that way.

Your early and favorable action is sincerely asked.

(Signed by 26 Residents.)

Referred to the City Attorney.

Presented by the Clerk.

Bloomington, Illinois, June 8th, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—At a meeting of the Electrical Commission of the City of Bloomington, Illinois, duly held on June 7th, 1932, the Commission adopted a resolution governing the size of wires and conduits under certain conditions therein specified, and said resolution herewith is transmitted to you.

Respectfully submitted,

Bloomington, Illinois, June 17, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your License and Financial Committees to whom was referred the taxi cab owners' petition for a reduction in license fee would respectfully report that we have met in joint session and upon investigation would recommend that the present fee of $25.00 per year for each cab be reduced to $20.00 per year for each cab.

P. J. IRVIN
FRANK H. GUNN
License Committee.
C. H. KURTZ
VAL SIMSHAUSER
H. A. WELCH
Financial Committee.

On motion by Alderman Irvin the report was adopted and recommendations concurred in and the City Attorney was directed to prepare ordinance.

Presented by the Clerk.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Board of Local Improvements would respectfully report that Berenz and Son, the contractors for the concrete pavement in the alley running north and south in the block bounded by Main, Center, Market and Monroe streets, from the south line of Market street to the north line of Monroe street, have completed the said improvement and that the same has been examined and accepted.

We would further report that the following is an itemized statement of the quantities and the contract price for each:

487	square yards of concrete pavement, six (6) inches in thickness, at $2.52 per square yard	$1,227.24
10.5	square yards of extra concrete pavement six (6) inches in thickness, at $2.52 per square yard	26.46
	Repairing basement windows	6.00
	Total	$1,259.70

We would therefore recommend that the Comptroller be instructed to make a settlement with the said Berenz and Son for the amount of one thousand two hundred fifty-nine dollars and seventy cents ($1,259.70) in accordance with their contract.

Respectfully submitted,
BEN S. RHODES
CHAS. T. EVANS
Board of Local Improvements.

Motion by Alderman Summers that the report be adopted and recommendations concurred in.

The Clerk was directed to call the roll, which resulted as follows:

Ayes: Welch, Gray, Simshauser, Summers, Hayes, Harting, Sargent, Gunn, Kurtz, Donovan, Schueth, Marquardt, Olson, Irvin. 14.

Nays: 0.

Motion carried.

On motion by Alderman Harting the petition of Hugh Darling to install sign at 210 South Center street was referred to the City Electrician with power to act.

Presented by Alderman Summers.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

We, the undersigned business men of the City of Bloomington, respectfully represent unto your Honors that the City Ordinance prohibiting all-night parking in the business district of the City of Bloomington, is causing traveling men and tourists to avoid the City of Bloomington as a stopping place over night and causing your petitioners and the City of Bloomington in general, to lose considerable business by reason of said restriction.

We, therefore, respectfully petition the Mayor and City Council to modify said Ordinance so as to permit all-night parking in the business district of the City of Bloomington.

We further respectfully represent unto your Honors, that because of such restrictions, the business houses of Bloomington are losing much business, as is evidenced by the nightly experiences of the respective hotels, who, when they inform a salesman of the parking ordinances, hear the town in general condemned.

We, as business men, feel that every tourist or salesman who is driven out of the city by this ordinance not only takes much business as he himself might leave, but cannot help but be a bad influence in his future contacts, and we respectfully petition your Honorable Body for the repeal or modification of this ordinance.

(Signed by 35 Business Men.)

On motion by Alderman Summers the petition was referred to the Police Committee and Streets & Alleys Committee to investigate and report back.

Presented by Alderman Hayes.

Bloomington, Illinois, June 17, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—The Bloomington Bowling Association hereby petitions your honorable body for permission to open and operate the bowling alleys of Bloomington, Ill., on Sundays between the hours of twelve noon and eleven-thirty p. m.

We trust that your Honor and members of the City Council will grant us this request.

Sincerely yours,
BLOOMINGTON BOWLING ASSN.
H. O. PECKMAN, *President*
GEORGE MOEWS, *Secy.-Treas.*

On motion by Alderman Hayes the petition was referred to the Finance Committee.

RESOLUTION

Presented by Alderman Schueth.

Bloomington, Illinois, June 17, 1932.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That the Finance Committee inquire the cost of equipment necessary to test gas for BTU, also for testing gas meters for accuracy. Their findings to be reported to the Council.

Adopted.

On motion by Alderman Irvin the matter of drain on Darrah street discharging waste water between Circle avenue and Washington street was referred to the City Attorney.

Presented by the Clerk.

Bloomington, Illinois, June 14, 1932.

Presented by the Clerk.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Police Committee has made an investigation of the arrest and subsequent handling of Harold C. Ekstam, twenty-one years old, of 1002 West Monroe street, on the night of June 18, 1932. Your committee held a public hearing on the matter on the evening of June 27, at which hearing Mr. Ekstam was represented and at which hearing all witnesses who had any knowledge of the matter were heard.

At the very outset this committee desires to record publicly that there is no question whatever concerning the innocence of Mr. Ekstam. It is established beyond doubt that he was visiting friends when the offense involved occurred, and could not possibly have been guilty. Further than this, he is a young man of exemplary habits and unimpeachable reputation, and anyone who knows him would be absolutely sure that he could not commit any such offense. This Committee knows that your Honor and the Council will be only too glad to take this means of publicly removing from him any suspicion whatever.

The undisputed evidence at the hearing showed that on the night of June 18 about ten o'clock a call came to headquarters that an Auburn automobile had been stolen. This information a little later was communicated to Patrolmen Crawford and Richardson who were cruising the city in a squad car. Shortly thereafter these men saw the stolen car being driven at a high rate of speed in the vicinity of Miller Park. They gave chase, and after a long pursual the thief abandoned the car at the corner of East and Kelsey streets. At the time he abandoned it the officers were about half a block away from him firing their guns into the ground. Although they did not see his face, they saw that he was attired in black pants and a light shirt, bareheaded and with his sleeves rolled up, and that he was a man about six feet tall. The man ran west across lots and escaped.

Help was sent from the City Hall in the person of Patrolman Kauth and Driver Covington. These officers were given a description of the criminal and set out to search for him. In the vicinity of the Alton tracks and North Mason street they saw Ekstam walking south on Mason street shortly after eleven o'clock. The strange coincidence was that Ekstam was dressed exactly like the criminal and is about six feet high. He even had his sleeves rolled up and was bareheaded. On account of the absolute tally in the description the officers took Ekstam into custody and took him back to East and Kelsey streets. There Officers Crawford and Richardson, and at least one other man who had seen the fleeing criminal, said that they thought Ekstam was the man. He was brought to the Police Station and booked.

The chief complaint has been that he was held until the next morning without being allowed to communicate with his parents or friends. Ekstam's evidence on this point is that when he was brought into headquarters and was being booked he asked Night Captain Paul Giermann if he could not call his parents or counsel, and that Gierman replied that when he came in there he lost his rights. Mr. Gierman denied that Ekstam made such a request and denied that he made the above reply. Mr. Emil Behrmann testified that Ekstam said something about telephoning at a time when he, Ekstam, had his head turned away from Mr. Giermann. Another witness testified that he was in the room all the time and did not hear any such request. Mr. Ekstam was held until the next morning, when his father was notified and he was released on bonds until the next day, at which

time he was discharged. About midnight two officers were sent to the house at which Mr. Ekstam said he had been visiting during the evening, and were told by the people that he had been there from about eight o'clock until eleven.

The testimony showed that it has been the custom of the Bloomington Police Department for years, and the almost universal practice of other Police Departments, to hold persons arrested on any serious charge during the night without allowing them to communicate with persons on the outside. The reason of this practice is the great likelihood of the framing of an alibi if the prisoner is allowed to communicate and consult with outsiders before the police have had an opportunity to make an investigation. In this case none of the officers on night duty were acquainted with Mr. Ekstam or his good reputation. Undoubtedly if they had been, the above stated rule would have been relaxed in his case.

There seems to be no doubt whatever but that the officrs who arrested Mr. Ekstam and brought him to the City Hall were properly performing their duty. The description of the criminal tallied so exactly with Mr. Ekstam and his attire that the officers had no choice in the matter. The only controversy seems to be on the question of holding Mr. Ekstam until morning without communicating with his parents or friends. On this question the particular facts and circumstances come in conflict with the general rule of the Police Department above mentioned, and it is a matter of whether the officers should have applied the rule, as they did, or make an exception in this case. According to Mr. Ekstam's own testimony he merely asked once about telephoning, and did not press the matter.

Since the officers did not know Mr. Ekstam and were not aware of his good reputation, it hardly can be said that they are to be censured for applying the usual rule in his case and holding him as they did. It is a well known fact that many guilty people put up a very good story and an innocent front, and are very likely to mislead police officers unless the officers are most careful in the performance of their duties. While it might be the opinion of some that this was a case in which the usual rule should have been relaxed, your committee, after hearing the evidence, does not believe that Mr. Giermann and the other officers indulged in any misperformance of their duties in this case. When there is an honest difference of opinion, as there now is, it hardly can be said that the officer is wrong in following one course rather than the other. It also might be added that two men identified Ekstam in the station as looking to them like the man they saw fleeing from the stolen car.

Our recommendation is that this Council express to Mr. Ekstam its regret on the unfortunate circumstance of his being taken for the criminal being sought, and that the Police Department be directed to give to those arrested and apparently of good appearance all consideration consistent with the proper and efficient operation of the department.

Dated this 30th day of June, A. D. 1932.

Respectfully submitted,
DEWITT GRAY
CHARLES H. HARTING
C. H. KURTZ
Police Committee.

Motion by Alderman Gray that the report be adopted and recommendations concurred in.

The Aldermen in favor of the adoption of the report signified by voting "Aye" were: Aldermen Welch, Gray, Simshauser, Summers, Hayes, Harting, Sargent, Kurtz, Gunn, Marquardt, Schueth, Olson, Irvin. 13.

Nay: Alderman Donovan.

Motion carried.

Presented by Alderman Simshauser.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Committee on Light and Wiring and Superintendent of Water and Light, to whom was referred the ordinance making further regulations concerning the size of wires in buildings, etc., respectfully would report that we believe the ordinance is proper, and we hereby recommend that it be passed.

Dated this 1st day of July, A. D. 1932.

Respectfully submitted,

VAL SIMSHAUSER
FRANK DONOVAN
A. L. SARGENT
Committee on Light and Wiring
C. C. WILLIAMS
Supt. of Water and Light

On motion by Alderman Simshauser the report was adopted and recommendations concurred in.

The following ordinance was then presented and read by the Clerk:

Bloomington, Illinois, June 8, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—At a meeting of the Electrical Commission of the City of Bloomington, Illinois, duly held on June 7th, 1932, the Commission adopted a resolution governing the size of wires and conduits under certain conditions therein specified, and said resolution herewith is transmitted to you.

Respectfully submitted,

I, GUY CARLTON, Secretary of the Electrical Commission of the City of Bloomington, Illinois, and in said capacity the keeper of the records thereof, do hereby certify that the attached and foregoing is a true and correct copy of a resolution unanimously adopted by the said Commission at a regular meeting thereof held on June 7th, 1932, at which said meeting all of the members of said Commission were present and voted for the adoption of said resolution, and that said resolution now is in full force and effect.

Dated this 8th day of June, A. D. 1932.

GUY CARLTON, (Seal)
Secretary of the Electrical Commission of the City of Bloomington, Illinois.

AN ORDINANCE
APPROVING RECOMMENDATIONS OF THE ELECTRICAL COMMISSION OF THE CITY OF BLOOMINGTON, ILLINOIS, AND ADOPTING THEM AS ORDINANCES OF SAID CITY.

WHEREAS, the Electrical Commission of the City of Bloomington, Illinois, has recommended certain requirements for wires and conduits used in main services, and for the size of wire used for power at two hundred twenty (220) volts, and has submitted said recommendations to this Council in the form of a resolution adopted by said commission on June 7th, 1932, and has asked the approval of the City Council thereof; now, therefore,

Be It Ordained by the City Council of the City of Bloomington, Illinois:

Section 1. That the recommendations of the Electrical Commission of the City of Bloomington, Illinois, on this day submitted to this Council by said Commission in the form of a resolution adopted by said Commission on June 7, 1932, be and the same hereby are approved and adopted and shall have the same force and effect as an ordinance of said City.

Section 2. Any person, firm or corporation violating any of the terms of this ordinance, or failing or refusing to comply with any of the standards, specifications and requirements set forth in the aforesaid resolution of the Electrical Commission, shall be fined in a sum not less than FIVE DOLLARS nor more than FIFTY DOLLARS for each offense.

Section 3. All ordinances or parts of ordinances in conflict herewith hereby are repealed.

Section 4. This ordinance shall be in full force and effect from and after its passage, approval and publication according to law.

Attest:
HERMAN J. BOCK,
City Clerk.

Approved:
BEN S. RHODES,

Motion by Alderman Irvin that the report be adopted and recommendations concurred in.

The following communication was presented by the Clerk.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

The undersigned committee from the Men's Brotherhood Class of the Second Presbyterian Church of Bloomington, Illinois, begs leave to submit the following copy of Resolution in pursuance of action taken at the regular meeting of the said class held on June 26, 1932, at 9:30 a. m.:

WHEREAS, certain persons, firms or corporations engaged in the business or businesses of conducting and operating pool and/or billiard halls or parlors and/or bowling alleys in said city have petitioned your Honorable Assembly for legal permission to open, operate and conduct their respective businesses on Sunday, or some part of Sunday, and

WHEREAS, it is the opinion of said Brotherhood Class that the operation or conduct of said businesses on Sunday is prompted only by the selfish interests of those engaged in such business, is not compatible with the due observance of the Sabbath Day and if allowed would in no way tend to improve the moral, intellectual or physical qualities of the municipality as a whole nor of those participating therein personally, and

WHEREAS, we are of the opinion that those who would benefit in a material way from the conduct of such enterprises on the Sabbath Day are so limited and out of all proportion to the number who would thereby be annoyed, molested, and disturbed and the conduct of such business or businesses on the Sabbath day or any part thereof would be in no way conducive to a better environment, welfare and enlightment of the people of this community.

THEREFORE, BE IT RESOLVED: That we, the members of the Men's Brotherhood Class of the Second Presbyterian Church go on record as opposing the allowance of said petition and any favorable consideration thereof by the Honorable Mayor and City Council of the City of Bloomington, Illinois; that a copy of this Resolution be presented to the proper city authorities assuring them of our hearty cooperation at all times for better education, enlightenment, wholesome entertainment and general welfare of all our citizenry.

MEN'S BROTHERHOOD CLASS OF SECOND PRESBYTERIAN CHURCH OF BLOOMINGTON, ILLINOIS.
By JOHN J. THOMASSEN
HARRY E. RIDDLE
Their Committee.

On motion by Alderman Harting the communication was received and placed on file.

On motion by Alderman Hayes the rules were suspended to permit those opposed to the report to have the floor.

The Reverend Forrest L. Fraser, pastor of the First Baptist Church vigorously protested the adoption of the report and implored the members of the Council not to permit the opening of the bowling alleys on Sundays.

Alderman Irvin then withdrew his original motion and as a substitute moved that action on the report be postponed until July 15, 1932.

Substitute motion carried.

On motion by Alderman Hayes the matter of tennis regulation in Miller Park was referred to the Park Board and Public Improvement Committee.

His Honor, the Mayor, submitted the following appointment for confirmation:

SPECIAL POLICE----------E. G. SNYDER

On motion by Alderman Irvin the appointment was confirmed and his bond approved.

His Honor, the Mayor, appointed the following as a committee to investigate the gas rates:

Chairman, Alderman Simshauser; Hayes, Kurtz, Olson and Marquardt.

On motion by Alderman Hayes the meeting adjourned.

Bloomington, Illinois, July 13, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—The Bloomington Kiwanis Club unanimously adopted a resolution presentde at its meeting on July 11th asking that the City Council consider the advisability of having speed signs placed at the entrance of the city near the state routes. The fact that the District Convention of the Kiwanis Club is to be here shortly is the reason that it was suggested at this time.

It was the opinion of the members of the club that much ill will might be avoided if tourists were notified of our speed limits. A number of people innocently drive over the state route through the city thinking that the speed on the routes are governed by the state laws.

The Kiwanis Club will appreciate it if you will give this matter your consideration and we feel sure that whatever your decision is, after you take the matter under advisement, it will be for the best interests of the city.

Very truly yours,

H. H. HANSON,
Secretary of Kiwanis Club.

On motion by Alderman Hayes the petition was referred to the Mayor and Police Committee.

Ayes: Welch, Gray, Simshauser, Summers, Hayes, Harting, Sargent, Kurtz, Donovan, Gunn, Schueth, Marquardt, Olson, Irvin. 14.

Nays: 0.

Motion carried.

Presented by Alderman Gray.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Police Committee and Streets & Alleys Committee to which was referred the petition asking that the ordinance prohibiting all night parking in the business district be enforced, respectfully would report that we have investigated the matter and have come to the conclusion that the said ordinance should be enforced.

We have ascertained the policy of certain other Illinois cities on this subject, viz: Danville, Peoria, Springfield, Decatur, Joliet, Champaign and Galesburg.

Danville prohibits all night parking in the business district, and does not permit all night parking in front of hotels. Peoria prohibits all night parking all over town and prohibits parking in the business district from 1:00 a. m. to 6:00 a. m. Springfield is enforcing an all night parking ordinance in the business district, and does not permit parking in front of hotels. Decatur is enforcing a regulation prohibiting parking anywhere in the city between the hours of 2:00 and 5:00 a. m., and does not permit all night parking in front of hotels. Joliet has a police regulation which forbids all night parking in the business district. Champaign is enforcing an all night parking ordinance in the business district and does not permit all night parking in front of hotels. Galesburg does not have any all night parking ordinance.

Your committees believe that in order to clean the streets in the business district at night it is necessary to have them clear of cars, and for this reason, and having in mind what other like cities do, we will recommend that the ordinance prohibiting all night parking be enforced.

Dated this 21st day of July, A. D. 1932.

Respectfully submitted,

DEWITT GRAY
C. H. KURTZ
CHAS. H. HARTING
Police Committee.
FRED OLSON
DEWITT GRAY
WILLIS SCHUETH
Streets and Alleys Committee.

On motion by Alderman Gray the report was adopted and recommendations concurred in.

Presented by Alderman Harting.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Sidewalk Committee to whom was referred the following resolutions would respectfully report that we have investigated the same and would recommend that the work be done:

Resolution by Alderman Kurtz: That the Supt. of Streets be and he is hereby instructed to take down dead tree at 712 South Bunn street.

Resolution by Alderman Sargent: That the Supt. of Streets be and is hereby requested to repair sidewalk at the southwest corner of Olive and Denver streets. This bulge was caused from tree roots.

Resolution by Alderman Sargent: That the Supt. of Streets be and is hereby requested to install a plank crossing at Meadows and Oakland avenue, also put cinders on crossing across Maizefield avenue at Oakland avenue.

Resolution by Alderman Donovan: That the Supt. of Streets be and is hereby requested to remove one (1) dead tree at 901 North Oak street, on Walnut street.

Resolution by Alderman Schueth: That the Supt. of Streets be and is hereby requested to repair sidewalk bulged by tree roots at 902 North Center street and 807 North Madison street.

Respectfully submitted,
CHARLES H. HARTING
DEWITT GRAY
P. J. IRVIN
Sidewalk & Bridges Committee.

On motion by Alderman Harting the report was adopted and recommendations concurred in.

Presented by Alderman Olson.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Streets and Alleys Committee to whom was referred the following resolutions would respectfully report that we have investigated the same and would recommend that the work be done:

Resolution by Alderman Marquardt: That the Supt. of Streets be and he is hereby instructed to repair curb at Park and University avenue, also repair curbs at Fell avenue and Emerson street, also at Clinton and Emerson streets.

Resolution by Alderman Irvin: That the Supt. of Streets be and is hereby directed to repair a sunken place in the pavement under the Alton railroad on West Market street.

Respectfully submitted,
FRED OLSON
DEWITT GRAY
WILLIS SCHUETH
Streets and Alleys Committee.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Streets and Alleys Committee would respectfully report that we have granted the Union Gas and Electric Company permission to open the streets at 906 East Walnut street, also 712 South Bunn street for repairing gas leaks in their mains at these addresses.

Respectfully submitted,
FRED OLSON
DEWITT GRAY
WILLIS SCHUETH
Streets and Alleys Committee.

On motion by Alderman Olson the reports were adopted and recommendations concurred in.

Alderman Donovan presented a verbal report on the resolution presented by Alderman Olson requesting that the bathing beach be open until 10 o'clock p. m. and that baseball be allowed on Sundays.

Alderman Donovan reported that the Park Board had considered the matter and had deemed the first request unwise as it would entail a greater cost far in excess of the revenue received. The second request the Board reported was a matter for the Council to decide.

On motion by Alderman Hayes the petition of William Meyer to install a sign at 1415 South Main street was referred to the City Electrician with power to act.

RESOLUTION

Presented by the Clerk.

Bloomington, Illinois, July 22, 1932.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That the time limit for the completion of the work in the contract between the City of Bloomington and Ward & Prothero Company for the construction of a pavement on Allin street from Washington street to Walnut street be and hereby is extended to September 1, 1932, all the other terms and provisions of said contract to remain the same and in full force and effect.

On motion by Alderman Summers the rules were suspended to permit Mr. Robert Johnson to address the Council.

Mr. Johnson plead that the property owners be not crowded at a time when the payment of other obligations is difficult.

Motion by Alderman Simshauser that the resolution be adopted.

The Clerk was directed to call the roll, which resulted as follows:

Ayes: Gray, Welch, Simshauser, Hayes, Harting, Sargent, Gunn, Olson, Irvin. 9.

Nays: Summers, Kurtz, Donovan, Schueth, Marquardt. 5.

Motion to adopt the resolution carried.

Presented by Alderman Olson.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—We respectfully petition your Honorable Body for permission to run an eight (8) inch vitrified pipe sewer from 511 North Hinshaw avenue to the large sewer in Monroe street. The same to be done at my own expense in a

workmanlike manner, according to specifications of the City of Bloomington for laying pipe sewers.

Respectfully petitioned,
FRANK KERNER
JOSEPH A. ZULZ
Property Owners.

On motion by Alderman Olson the petition was granted.

On motion by Alderman Simshauser the License Committee were directed to investigate the advisability of increasing the license fee for the operation of bowling alleys.

The Clerk presented the reports of the City Sexton, Health Department and Supt. of Water & Light.

Bloomington, Illinois, July 12, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—For your approval I herewith submit my report showing the receipts and expenditures and financial statement at the close of business June 30, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Sidewalk Committee to whom was referred the following resolutions would respectfully report that we have investigated the same and would recommend that the work be done.

Resolution by Alderman Gray: That the Supt. of Streets be and he is hereby instructed to repair the cement sidewalk at 707 North McLean street, raised by tree roots.

Resolution by Alderman Irvin: That the Supt. of Streets be and he is hereby directed to repair concrete sidewalk at 703 South Allin street, raised by tree roots, one (1) block to be repaired and one (1) block to be lowered.

Resolution by Alderman Olson: That the Supt. of Streets be and he is hereby directed to repair sidewalk at 1005 West Moulton street.

Respectfully submitted,

CHAS. H. HARTING
P. J. IRVIN
DEWITT GRAY
Sidewalk & Bridges Committee.

On motion by Alderman Harting the report was adopted and recommendations concurred in.

Presented by Alderman Olson.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Streets and Alleys Committee, to whom was referred the following resolutions, would respectfully report that we have investigated the same and would recommend that the work be done.

Resolution by Alderman Marquardt: That the Supt. of Streets be instructed to raise pavement on the north side of Standard Oil station at the corner of University and Evans streets.

Resolution by Alderman Olson: That the Supt. of Streets be instructed to repair pavement caused by heat bulge at 1110 West Moulton street, also repair pavement and curb on Olive street, from Langes Alley west to 906 West Olive street.

Respectfully submitted,
FRED OLSON
DEWITT GRAY
WILLIS SCHUETH
Streets & Alleys Committee.

On motion by Alderman Olson the report was adopted and recommendations concurred in.

The Clerk read the following communication.

Bloomington, Illinois, July 27, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Owing to unforeseen conditions which have arisen since I made my last contract for the concessions at Miller Park with the city, I now petition your honorable assembly for a reduction in my next payment of rent.

On May 1, 1932, I paid the city of Bloomington fourteen hundred thirty-two dollars ($1432.00) or 50% of my season's rent, and now I ask you body of Councilmen that I be permitted to pay on August 1, 1932, one thousand dollars ($1000.00) in full settlement of my rent, making a total of two thousand four hundred thirty-two dollars ($2432.00) for about four months rent.

I have been a tenant of the city for over twenty years and have paid over $40,000.00 cash rent and have never asked for any considerations of any sort, even keeping up the places I occupy at my own expense. This year there has not been or will not be the number of concerts as of previous years. I also lost our fourth of July, the fireworks being omitted to make way for the celebration of the Legion. Our number of fishermen have been cut down, as your books will show. They are now fishing at Lake Bloomington, also a tax on practically every article I sell has to be absorbed by me, making a difference of a few hundred dollars; I have also cut my prices on everything I sell, giving the public the benefit of as cheap a price as any chain or cut rate store, with just as good a quality as I ever put out.

In all gentlemen, all that I ask is a fair deal, letting me at least try to break even and as for my loss of time or Mrs. Bowman's loss of time we will be glad to even break even. I am sure you will find my above petition favorable with your park board as they know the real hardships we have encountered this year.

Hoping you gentlemen can see fit to give me a favorable answer, I remain

Yours most respectfully,
BYRL BOWMAN.

On motion by Alderman Donovan the communication was referred to the Public Improvement and Finance Committees.

On motion by Alderman Hayes the claim of Mr. Jas. Champion for injuries caused from being bitten by a dog, was referred to the Claims Committee.

On motion by Alderman Sargent the claim of Wm. Sylvester for injuries received at Miller Park was also referred to the Claims Committee.

Presented by Alderman Welch.

Bloomington, Illinois, July 22, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—The undersigned residents and property owners residing in the 1100 block on East Jefferson respectfully petition you to restrict by ordinance or whatever regulation you see fit, the use of the 1100 block pavement by heavy passenger bus, and heavy trucks. This request is made purely in the light of pavement protection, as we feel that such traffic should be confined to regularly marked state routes. (Signed by 16 Property Owners.)

On motion by Alderman Welch the matter was referred to the Streets & Alleys Committee and the Mayor.

On motion by Alderman Schueth the Police Committee were directed to investigate the parking of autos on both sides of Main street at Division street.

On motion by Alderman Marquardt the City Attorney was directed to notify the owners of the property in the 900 block East Empire street to cut shrubbery and trees on their property.

On motion by Alderman Harting the matter of wages paid to drivers of garbage wagons was referred to the Health Committee.

The Clerk read a communication from B. Arbuckle, requesting that his signature be withdrawn from the bond of Walter Grethey, special police.

On motion by Alderman Harting the request was granted.

His Honor, the Mayor, immediately revoked the appointment of Mr. Grethey.

The Clerk presented the bond of Ralph L. Coup, Master Plumber.

On motion by Alderman Hayes the bond was approved.

The Clerk read the following ordinance.

AN ORDINANCE

with said work; for the payment of salaries of the Superintendent of Streets and the officers of and maintenance of the "Street Department." the sum of Thirty-Eight Thousand ($38 000.00) Dollars, to be known as "The Street Department Fund." This appropriation shall be taken from the Street and Bridge Tax collected in accordance with an act entitled, "An Act to Authorize Cities and Villages, which include wholly within their corporate limits a town or towns, or road district, to levy for street and bridge purposes a tax in addition to the amount authorized to be levied for general purposes as provided by Section 1 of Article 8 of 'An Act to Provide for the Incorporation of Cities and Villages,' approved April 10, 1872, and all amendments thereto," approved May 29, 1911, in force July 1, 1911, and from such further sum from the general fund sufficient to make a total of the above amount.

THE PUBLIC BENEFIT FUND

19. For the payment of the several amounts heretofore and hereafter assessed against the City of Bloomington as Public Benefits in connection with local improvements which the City Council heretofore may have ordered and which have not been paid for at the beginning of the fiscal year, and also for such local improvements as may be provided for by ordinance during the current fiscal year, the sum of Twenty-Six Thousand ($26 000.00) Dollars, to be known as "The Public Benefit Fund."

The appropriation herein made shall include the tax levied and collected by the City in accordance with "An Act to amend an Act entitled, 'An Act concerning Local Improvements' approved June 14, 1897, in force July 1, 1897, by adding thereto Section 33-B," in force July 1, 1917, and the unexpended balance in said fund on May 1, 1932, and a sum in addition thereto from the general fund sufficient to make the total amount of this appropriation for said fund.

THE PUBLIC PAVING REPAIR FUND

20. For the payment of the cost of repairing paved streets, the sum of Fifteen Thousand ($15.000.00) Dollars, in addition to all moneys collected for pavement repairs, to be known as "The Public Paving Repair Fund." This appropriation shall be comprised of the residue of the street and bridge tax collected in accordance with an act entitled, "An Act to Authorize Cities and Villages, which include wholly within their corporate limits a town or towns, or road districts, to levy for street and bridge purposes a tax in addition to the amount authorized to be levied for general purposes as provided by Section 1 of Article 8 of 'An Act to Provide for the Incorporation of Cities and Villages,' approved April 10, 1872, and all amendments thereto," approved May 29, 1911, in force July 1, 1911, left after completing the appropriation to the street department fund, as hereinbefore set forth, and a sum in addition thereto from the General Fund sufficient to make the total amount of this appropriation Fifteen Thousand ($15,000.00) Dollars.

THE GENERAL SEWERAGE FUND

21. For the construction, maintenance, repairing and extension of sewers of the City, including the leasing or purchase of machines necessary thereto, and for the construction, cleaning and repairing of inlets and catch-basins, the sum of Five Thousand ($5,000 00) Dollars, to be known as "The General Sewerage Fund."

THE SIDEWALK FUND

22. For laying sidewalks where ordered by special taxation and the owners' default in laying them; for laying intersections of new sidewalks, and for grading and cindering for new sidewalks and for the maintenance of sidewalks, the sum of Seven Thousand Five Hundred ($7,500.00) Dollars, and in addition thereto all special taxes collected for that purpose during the current fiscal year, to be known as "The Sidewalk Fund."

THE CITY ENGINEER'S DEPARTMENT FUND

23. For the maintenance of the City Engineer's Department, including salaries, labor, supplies and incidental expenses, the sum of Seven Thousand ($7,000.00) Dollars, to be known as "The City Engineer's Department Fund."

THE VIADUCT AND SUBWAY FUND

24. For the construction of viaducts and subways, and appurtenances of and additions and repairs thereto, in said city, and for all incidental and necessary expenses connected with said work, including damages to private property occasioned thereby, whether the amount of said damages is determined by agreement or by judgment, the sum of One Thousand ($1 000.00) Dollars, to be known as "The Viaduct and Subway Fund."

THE OPENING AND EXTENDING STREETS FUND

25. To defray the city's portion of the cost and expense of opening, extending, widening or altering streets, alleys and avenues of the City, the sum of One Thousand Five Hundred ($1,500 00) Dollars, to be known as "The Opening and Extending Streets Fund."

THE WATER WORKS AND ELECTRIC LIGHT FUND

26. For the operation, maintenance, rehabilitation and extension of and additions to the Water Works and Electric Light System of said City, located at Normal, Illinois, immediately north of the City limits of said City, and ordinary repairs for all of the same; for the payment of salaries of the officers, laborers, and other employees of this department; for the payment of experts and engineers for making surveys and reports, proposing plans and supervising construction; for lighting the streets, avenues, alleys, public places and public buildings in said city; and for the necessary fuel and all incidental expenses in the maintenance and operation of said Water Works and Electric Light System, and for extensions of new street lamps, the sum of Ninety-Three Thousand ($93,000.00) Dollars, to be known as "The Water Works and Electric Light Fund."

THE MONEY CREEK WATER SUPPLY SYSTEM FUND

27. For the operation, maintenance, rehabilitation and extension of and additions to the Money Creek Water Supply System located approximately fourteen miles north of said City, including Lake Bloomington and the dam thereof, and the pumping plant and water purification system, and all other buildings, machinery, appliances and appurtenances thereto and thereon, and including the pipe line from said Lake to the Waterworks System of said City, and ordinary repairs for all the same, for the payment of salaries of the officers, laborers and employees thereof, and for the payment of experts and engineers for making surveys and reports, proposing plans and supervising construction, and for the necessary fuel and electrical current, and all incidental expenses in the maintenance and operation of said system, and for the payment of the expense of the general maintenance and improvement of the marginal lands owned by the City surrounding Lake Bloomington, including maintenance and construction of roads, sewers, drains and watermains, and all improvements, betterments and maintenace of said land, the sum of Forty-Four Thousand ($44,000.00) Dollars, and in addition thereto the receipts from the sale and rental of any lots or parts of said marginal land and from all concessions, to be known as "The Money Creek Water Supply System Fund."

THE LAKE BLOOMINGTON FISH FUND

28. For the payment of the necessary expense of handling and regulating fishing at Lake Bloomington, and for the policing of Lake Bloomington and the marginal lands in the matter of fishing and general law and order, and for the propagation of fish, including all expense for the construction of dams and pools, the receipts derived from fishing at Lake Bloomington, to be known as "The Lake Bloomington Fish Fund."

THE CITY CEMETERY FUND

29. For the maintenance of the City Cemetery and the payment of the salary of the City Sexton, the sum of Seventeen Hundred ($1700.00) Dollars, to be known as "The City Cemetery Fund."

THE PUBLIC PARK FUND

30. For the maintenance and improvement of the Public Parks of the City; for the payment of salaries of the custodian of said parks and his necessary assistants; for the maintenance of the animals in the City parks; for the con-

struction and maintenance of buildings, drains and drives in said Parks and for the payment of land purchased for park purposes, the sum of Twenty-Four Thousand Five Hundred ($24,500 00) Dollars, and in addition thereto the unexpended balance in this fund on May 1, 1932, and also the receipts of the Parks.

The sum of $24,500 00 shall be comprised of the taxes levied and collected in accordance with an act entitled, "An Act to provide for the assessment and collection of a general tax by cities for parks and boulevard purposes," approved June 17, 1893, in force June 17, 1893, and adopted by a vote of the people of the City of Bloomington, and a sum in addition thereto from the General Fund sufficient to make the total amount above given.

THE MUNICIPAL BAND FUND

31. For the maintenance or employment of a municipal band for musical purposes, the sum of Seven Thousand Five Hundred ($7 500 00) Dollars. The said sum of $7,500.00 shall be comprised of the taxes levied and collected in accordance with an Act entitled, "An Act in relation to the employment or maintaining of musical Bands by Municipalities," approved June 26, 1925, in force July 1, 1925, and all amendments thereto, and adopted by a vote of the people of the City of Bloomington.

Motion carried.

Presented by Alderman Welch.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Health Committee to whom recently was referred the matter of the Garbage Collection System, with instructions to investigate the method of hiring the teams and drivers which do the collecting, would respectfully report that we have made this investigation and find that in a number of instances a team and wagon owned by a person who does not do the driving is hired, and this person hires a man to drive the wagon and do the collecting. This system creates disputes concerning wages and the quality of the work is not easily controlled thereunder. We believe that in each instance a person should be hired to do the collecting who owns his own team and wagon and actually does his own work, thereby eliminating the above mentioned difficulties.

Your Committee therefore recommends that in the future the City shall hire for the collection of garbage only men who own the team and wagon used and who do the driving and collecting themselves.

Dated this 5th day of August, A. D. 1932.

BLOOMINGTON—WATER REPORT ON OPERATION

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN: We have received from Chemist Chas. H. Spaulding and reviewed a copy of his report summarizing the opperation of the Bloomington water purification and softening plant for your fiscal year, May 1, 1931—April 30, 1932.

We wish to commend you, Chemist Spaulding and your waterworks staff on the good operation of your water purification and softening plant and the uniformly good results as revealed by the summary of Chemist Spaulding's analyses and the occasional analyses that have been made in our laboratories.

The good analytical control that you have maintained at your water purification plant has not only made possible the furnishing of a water of good quality, but in our opinion has undoubtedly made possible economical purchase and use of coagulating and softening chemicals. Cities too frequently do not realize the wastage that prevails when there is not proper analytical control over the operation of water purification and softening plants and the purchase of chemicals.

"HARDNESS: The total hardness of the raw water averaged 222 parts per million, which was reducted to 72 parts per million in the filtered water as compared to 82 P. P. M. average during the previous year. A study of the economies of soft water versus hard water is being made by a graduate student in the Department of Commerce at the University of Illinois. He has obtained records of the actual amounts of soap sold in Bloomington and other cities, some using soft water and others hard. His progress report presented at a recent meeting of the Illinois Section of the A. W. W. A. shows a saving of $112,000 per year in Bloomington on the item of soap alone since the new water supply has been in use. Since this figure is based on actual sales, it is of considerably greater significance than the previous estimates based on chemical tests and estimated value of soaps."

We hope that the water consumers of Bloomington when considering their water bills will appreciate the saving in soap because of the soft water as mentioned on page 6 of Chemist Spaulding's report. The softening of the water also produces a very substantial saving and freedom from trouble as regards plumbing, especially hot-water piping, even though it is difficult to give accurate figures of such saving.

The public water supply of Bloomington is the most important commodity in the city and we trust that the same good maintenance, operation and analytical control of your water purification and softening plant that has prevailed in the past will be continued.

CHARLES H. SPAULDING,
Sup't. Water Purification,
Springfield, Illinois.
C. C. WILLIAMS,
Sup't. Water and Light Dept.

Very truly yours,
HARRY F. FERGUSON,
Chief Sanitary Engineer.
Approved:
ANDY HALL, M. D.,
Director.

On motion by Alderman Simshauser the communication was re-

ceived and placed on file and the Clerk was directed to frame copies and place same in the City Hall, Water Works and the pumping station at Lake Bloomington.

Presented by the Clerk.

Bloomingtoon, Illinois, August 19, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN: On Wednesday afternoon, August 17, 132, my Dodge sedan was parked at the corner of Prairie and Grove Streets, Northwest corner, and while parked there a dead limb fell from the tree underneath which the car was parked, damaging the roof of the car to the extent that a new top covering will be necessary.

Estimates have been made by three Body Repair Companies on repairing the top and their prices for reconditioning same range $10 00, $12 00 and $18.00.

I understand that the City claims property within one foot of the sidewalk and as this tree is located at the very edge and projects out over the street I feel that I have a just right to make claim to the City of Bloomington for damages caused by the falling of this limb.

Any fair settlement would be appreciated.

Respectfully submitted,
LAWRENCE HEMPSTEAD,
410 S. McClun St.,
Bloomington, Illinois.

On motion by Alderman Sargent the communication was referred to the Claims Committee.

Bloomingtoon, Illinois, August 19, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN: I, W. V. Belt at this time apply for a permit to place on the Northeast corner of East and Jefferson streets. one Pullman Diner for the purpose of first class lunch and short orders. It will be placed from two to three feet back from the walk on the East and on the South.

Thanking you, I am Yours very truly.

W. V. BELT.

P. S. Also on the lot east of the Castle Theatre, located in the center of the lot running north and south, and also permission to cut down the curb for drivein on the east and west side entrance to the same, from Washington street.

Only one of the two above mentioned locations will be considered.

On motion by Alderman Welch the petition was referred to the Fire Chief, Fire Committee and Sidewalk Committee.

Presented by the Clerk.

Bloomingtoon, Illinois, August 19, 1932.

Employers' Liability Assurance Corporation, Ltd., Surety on its bond known as No. E-1656, Sy-31091 executed on or about the 15th day of March, 132, in behalf of Ward & Prothero Company in favor of the City of Bloomington covering a contract for the construction of a pavement on Allin street from Washington street to Walnut street, HEREBY CONSENTS that the time limit for

completion of said contract be extended to September 1, 1932, all the other terms and provisions of said contract to remain the same and in full force and effect.

RESOLUTIONS

Presented by Alderman Summers.

Bloomington, Illinois, August 19, 1932

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That West Mulberry street has just been repaired in a very satisfactory manner at an expense to the city and the property owners along said street strongly resent the use of same by the shiftless drivers of large trucks which will ruin the condition very quickly, respectfully ask that the Chief of Police take the necessary action to stop them. The Peoria Cartage trucks are the recent offenders.

Adopted.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—I herewith submit an estimate of the cost of a 10-inch cast iron water main, with fire hydrants, fittings and appurtenances, on Lee street, from a point twenty-two (22) feet south of the north line of Monroe street to a point twenty-two (22) feet south of the north line of Grove street.

Said improvement shall consist of twelve hundred and fifty-two (1252) lineal feet of used 10-inch water pipe and necessary fittings and appurtenances. Said improvement shall also include the removing from the trench all water pipe now laid along the above described line and the connecting of all service pipes with the new main.

The total estimated cost of the proposed improvement is the sum of six thousand, two hundred and thirty-four dollars and fifty cents ($6,234.50), itemized as follows:

1252	lineal feet of used 10-inch cast iron water pipe, at $1.00 per lineal foot	$1.252.00
	Laying 1252 lineal feet of used 10-inch cast iron water pipe, complete for service, at $1.85 per lineal foot	2,316.00
1	10-inch cast iron sleeve, weight 123 pounds, set complete for service, at $10.00	10.00
3	6-inch cast iron sleeves, weight 68 pounds each, set complete for service, at $7.50 each	22.50
3	4-inch cast iron sleeves, weight 47 pounds each, set complete for service, at $6.00 each	18.00
3	10-inch double gate valves, set complete for service, at $68.00 each	204.00
4	8-inch double gate valves, set complete for service, at $45.00 each	180.00
3	standard cast iron valve basins, set complete for service, at $51.35 each	154.05
4	cast iron valve boxes, set complete for service, at $9.00 each	36.00
1	10″x10″x10″x10″ cast iron cross, weight 493 pounds, set complete for service, at $30.00	30.00
3	10″x10″x6″x6″ cast iron cross, weight 406 pounds, set complete for service, at $27.00 each	81.00
1	10″x10″x4″x4″ cast iron cross, weight 377 pounds, set complete for service, at $24.00	24.00
4	10″x10″x8″ cast iron tees, weight 371 pounds each, set complete for service, at $25.00 each	100.00
1	10-inch to 6-inch cast iron reducer, weight 160 pounds, set complete for service, at $9.00	9.00
2	6-inch to 4-inch cast iron reducers, weight 99 pounds each, set complete for service, at $5.00 each	10.00
1	10-inch cast iron plug, with lugs, weight 38 pounds, set complete for service, at $3.00	3.00
4	fire hydrants, with 8-inch hub and 8-inch barrel, one 4-inch and four 2½-inch outlets fitted with independent cut-offs, and having not less than a six and one-quarter inch valve opening, set complete for service, at $105.00 each	420.00
56	lineal feet of 8-inch cast iron water pipe, weighing 52.1 pounds per lineal foot, furnished and laid complete for service, at $2.50 per lineal foot	140.00
637	lineal feet of 4-inch water pipe removed from trench at 10c per lineal foot	63.70
114	square yards of pavement re-laid at $1.50 per yard	171.00
235	square yards of pavement re-laid at $3.15 per yard	740.25
		$5,984.50
	Court costs and other expenses provided for by statute, in the aggregate not exceeding 6% of the above total	250.00
	Total	$6,234.50

And I hereby certify that in my opinion the above estimate does not exceed the probable cost of the proposed improvement, together with the lawful expenses attending the same. Respectfully submitted,

SCOTT E. MCCULLOUGH,
City Engineer.

AN ORDINANCE

PREPARED AND TRANSMITTED AND ITS PASSAGE RECOMMENDED BY THE BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF BLOOMINGTON, ILLINOIS, TO THE CITY COUNCIL OF SAID CITY, PROVIDING THAT A 10-INCH CAST IRON WATER MAIN, WITH NECESSARY FIRE HYDRANTS, VALVES, VALVE-BASINS, CROSSES, TEES, FITTINGS AND APPURTENANCES, BE LAID ON LEE STREET, FROM A POINT TWENTY-TWO FEET SOUTH OF THE NORTH LINE OF MONROE STREET TO A POINT TWENTY-TWO FEET SOUTH OF THE NORTH LINE OF GROVE STREET, IN THE CITY OF BLOOMINGTON, ILLINOIS, AND FOR LEVYING A SPECIAL ASSESSMENT THEREFOR.

Be It Ordained by the City Council of the City of Bloomington, Illinois:

Section 1. That a local improvement shall be made within the City of Bloomington, County of McLean and State of Illinois, the nature, character, locality and description of which said local improvement is as follows, to-wit:

That a ten-inch cast iron water main with necessary fire hydrants, valves, valve-basins, crosses, tees, fittings and appurtenances, be laid on Lee street, from a point twenty-two feet south of the north line of Monroe street to a point twenty-two feet south of the north line of Grove street, as follows, to-wit:

Commencing at the 10-inch water main now constructed on Monroe street and connecting with the same at a point twenty-two (22) feet south of the north line of Monroe street and twenty-two (22) feet west of the east line of Lee street, thence extending south parallel with the said east line of Lee street to a point twenty-two (22) feet south of the north line of Jefferson street and connecting with the six (6) inch water main now constructed at that point, thence extending south parallel with the said east line of Lee street to a point twenty-five (25) feet south of the north line of Washington street and connecting with the four (4) inch water main now constructed at that point, thence extending south parallel with the said east line of Lee street to a point twenty-five (25) feet south of the north line of Front street and connecting with the six (6) inch and four (4) inch water mains now constructed at that point, thence extending south parallel with the said east line of Lee street to a point twenty-two (22) feet south of the north line of Grove street and connecting with the six (6) inch and four (4) inch water mains now constructed at that point.

Excavation for the laying of said water main shall be made in such direction and to such width and depth as shall be necessary to bring the top of the pipe, when laid, four (4) feet below the surface of the pavement along its line.

The four (4) inch cast iron water pipe now laid along the line of this proposed 10-inch water main on Lee street, shall be removed from the trench and placed in piles along the line of the improvement by the contractor, when the same will be removed by the proper officer of the City of Bloomington.

Said water main shall be provided with three (3) 10-inch double gate valves covered with standard cast iron valve-basin of the City's pattern and located on the line of said 10-inch water main as follows: One (1) at a point eight (8) feet south of the south line of Monroe street; one (1) at a point three (3) feet north of the north line of Washington street and one (1) at a point three (3) feet north of the north line of Grove street.

Said water main shall also be provided with four (4) 8-inch double gate valves covered with cast iron valve-boxes and located on the eight (8) inch pipe connections to fire hydrants hereinafter located and described.

Said water main shall also be provided with one (1) 10″x10″x10″x10″ cast iron cross located at the point of connection of said 10-inch water main with the 10-inch water main on Monroe street.

Said water main shall also be provided with three (3) 10″x10″x6″x6″ cast iron crosses located as follows: One (1) on the line of said water main at its point of connection with the 6-inch water main on Jefferson street; one on the line of said water main at its point of connection with the 6-inch and 4-inch water mains on Front street, and one (1) on the line of said water main at its point of connection with the 6-inch and 4-inch water mains on Grove street.

Said water main shall also be provided with one (1) 10″x10″x4″x4″ cast iron cross located on the line of said water main at its point of connection with the 4-inch water main on Washington street.

Said water main shall also be provided with four (4) 10″x10″x8″ cast iron tees located on the line of said water main as follows: One (1) at a point eight (8) feet south of the north line of Jefferson street; one (1) at a point eight (8) feet south of the north line of Washington street; one (1) at a point eight (8) feet south of the north line of Front street, and one (1) at a point eight (8) feet south of the north line of Grove street.

Said water main shall also be provided with four (4) steamer fire hydrants set opposite the 10″x10″x8″ cast iron tees above located and provided for. Said fire hydrants shall be located eight (8) feet west of the east line of Lee street and be connected with said tees by means of eight (8) inch cast iron water pipe.

Said water main shall also be provided with one (1) 10-inch cast iron sleeve located at the intersection of Lee and Monroe streets.

Said water main shall also be provided with five (5) 6-inch cast iron sleeves located as follows: One (1) at the intersection of Lee and Monroe streets; two (2) at the intersection of Lee and Jefferson streets; one (1) at the intersection of Lee and Front streets, and one (1) at the intersection of Lee and Grove streets.

Said water main shall also be provided with four (4) 4-inch cast iron sleeves located as follows: Two (2) at the intersection of Lee and Washington streets; one (1) at the intersection of Lee and Front streets, and one (1) at the intersection of Lee and Grove streets.

Said water main shall also be provided with one (1) 10-inch to 6-inch cast iron reducer located at the intersection of Lee and Monroe streets.

Said water main shall also be provided with two (2) 6-inch to 4-inch cast iron reducers located as follows: one (1) at the intersection of Lee and Front streets, and one (1) at the intersection of Lee and Grove streets.

Said water main shall also be provided with one (1) 10-inch cast iron plug, with lugs, to be fitted into the exposed end of the 10″x10″x6″x6″ cast iron cross located at the intersection of Lee and Grove streets.

All of the above described water pipe shall be laid in a workmanlike manner under the superintendence of the Board of Local Improvements and the Superintendent of Water and Light of the City of Bloomington, as follows, to-wit: Each pipe shall be laid level on a firm bed. Excavations shall be made under the bell of each pipe, so that the entire length of pipe shall lie upon the bottom of the trench. All pieces of pipe shall be close fitted and shall be caulked with two (2) inches of well rammed, untarred rope yarn, above which shall be poured molten lead in such quantity, that after being compacted by caulking around the entire circumference of the pipe, the lead will stand flush with the outside of the bell of the pipe.

Spigots shall be concentrically placed in the bells of said pipes so as to admit of a uniform thickness of the gasket and lead.

The lead shall be of the best quality of soft caulking lead, free from antimony, tin or arsenic.

The cast iron pipe shall conform to Class "C" of the American Water Works Association. The 10 inch cast iron pipe may be pipe that has been used, but which is in good serviceable condition. 10-inch cast iron sleeves shall weigh 123 pounds, 6-inch cast iron sleeves shall weigh 68 pounds, 4-inch cast iron sleeves shall weigh 47 pounds, 10″x10″x10″x10″ cast iron crosses shall weigh 493 pounds, 10″x10″x6″x6″ cast iron crosses shall weigh 406 pounds, 10″x10″x4″x4″ cast iron crosses shall weigh 377 pounds 10″ x 10″ x 8″ cast iron tees shall weigh 371 pounds, 10-inch to 6-inch cast iron reducers shall weigh 160 pounds, 6-inch to 4-inch cast iron reducers shall weigh 99 pounds, and 10-inch cast iron plugs shall weigh 38 pounds, and no pipe or special casting shall be accepted the weigh of which shall be less than five (5) per cent of the above amounts.

Valves to be used shall have a double gate simple in construction and all working parts fully brass mounted, they shall have hub ends and stationary spindle and shall be so constructed as to open by turning to the left.

Fire hydrants to be used shall have an eight (8) inch hub and eight (8) inch barrel, one four (4) inch and four (4) two and one-half (2½) inch outlets fitted with independent cut-offs, and shall have a valve opening of not less than six and one-quarter (6¼) inches.

Cast iron valve boxes to be used shall be of the City's pattern, they shall be of variable height and shall be provided with a cast iron cover.

Cast iron valve basins to be used shall be what is known as the Clark Valve Housing No. 1188 or its equal, and shall be furnished in depths suitable to the depth of the water main where they are placed.

The bricks removed from the pavement along the line of this improvement shall be placed in neat piles by the Contractor, and upon the completion of the work the pavements will be relaid by the City of Bloomington.

Water pipe and specials shall be made with hub and spigot joints of a good quality cast iron, and of such quality as shall make the metal of the castings strong, tough and of even grain, and soft enough to admit of drilling and cutting. The metal shall be made without any mixture of cinder or other inferior metal and shall be melted in a cupola or air furnace and shall meet the following test:

Specimen bars of metal used, each twenty-six (26) inches long and two (2) inches wide by one (1) inch thick when placed flatwise upon supports, twenty-four (24) inches apart, and loaded in the center, shall support a load of nineteen hundred (1900) pounds and show a deflection of not less than three-tenths (3/10) of an inch before breaking.

Cast iron pipe shall be cast in dry sand moulds in a vertical position and the pipes and special castings shall be smooth, free from scales lumps, blisters, sand holes and defects of every nature, which in the opinion of the Engineer unfited them for the purpose for which they are intended. No plugging or filling will be allowed.

All cast iron pipe and special castings shall be coated inside and out with coal tar varnish, both castings and varnish shall first have been heated to three hundred (300) degrees Fahrenheit immediately before being dipped.

The Superintendent of Water and Light, when notified one (1) day in advance, by the Contractor, that he intends to lay pipe, shall cause an inspector to be placed on the work. At the end of each days laying the Contractor shall furnish and place an iron screw plug in the open end of each pipe in such manner as to keep all dirt and trash out of the main.

All water, gas, sewer or other pipes or conduits of any kind, are to be carefully supported and protected from injury by the Contractor while the excavation is being made and the backfilling finished, or if necessary, until the proper officers shall remove or change the same.

All service pipes detached from the old mains to be removed along the line of this improvement shall be connected with the new 10-inch main by the Contractor in a manner satisfactory to the Superintendent of Water and Light.

Sec. 2. That the recommendation of the Board of Local Improvements of the City of Bloomington, Illinois, providing for said local improvement, together with the estimate of the cost thereof, made by the Engineer of the Board of Local Improvements of said City, both hereto attached, be and the same are hereby approved.

Sec. 3. That the management of said improvement shall be under the general supervision of the Board of Local improvements.

Sec. 4. That the said improvement shall be made and the whole cost and expense of said improvement including the expense of making, levying and collecting a special assessment for the same, as provided in the estimate of said City Engineer, shall be paid for by a special assessment to be levied upon the property specially benefited thereby and for that purpose a special assessment is hereby ordered to be levied assessed and collected upon all property, lots, blocks, tracts and parcels of land specially benefited by said improvement, and the remainder of the cost and expense of said improvement shall be paid by general taxation, all in accordance with the provisions of an act of the General Assembly of the State of Illinois, entitled, "An Act Concerning Local Improvements," approved June 14, 1897, and the amendments thereto.

Sec. 5. That the aggregate amount herein ordered to be assessed against the property and also the assessment against each lot, block, tract or parcel of

land herein assessed shall be levied and collected as of one installment, which installment shall be due and payable on the second day of January next after the date of the first voucher issued on account of the work done.

Sec. 6. All proceedings for assessing, levying and collecting said special assessment herein provided for, and for letting of the contract for said improvement and the payment for work and material, shall accord with and be governed by an act of the General Assembly of the State of Illinois, entitled, "An Act Concerning Local Improvements," approved June 14, 1897, and all amendments thereto.

Sec. 7. That to insure the City of Bloomington that said improvement will be constructed in the manner herein specified, and that said improvement when constructed will be free from all defects and remain in continuous good condition and repair during and at the end of one year from the completion and acceptance of the same, and be kept properly back-filled for six months after said completion and acceptance, and that said City shall be saved and kept harmless from any and all claims, demands, loss, suits, costs, expenses and damages which may be made brought, sustained or recovered against said City by reason of any negligence, default or failure in building, constructing or completing said improvement and its appurtenances, or any part thereof, the Contractor to whom shall be awarded the contract for the construction of said improvement shall at the time of entering into the same furnish to the City of Bloomington a good and sufficient bond, payable to said City, in the penal sum of at least thirty-three and one-third (33⅓) per cent of said Contractor's bid, which bond shall be signed by said Contractor, as principal, and by two or more responsible persons or by some guarantee company, licensed to transact business in the State of Illinois, as sureties, the said sureties to be approved by the City Council of said City. The said Contractor also shall furnish to the City of Bloomington a good and sufficient bond payable to said City in the penal sum of twenty-five hundred dollars, (2,500.00) conditioned for the payment of all materials used in the construction of said improvement and for all labor performed thereon, whether by a subcontractor or otherwise, which said bond shall be signed by said Contractor, as principal, and by two or more responsible persons or by some reliable guarantee company licensed to transact business in the State of Illinois, as sureties, the said sureties to be approved by the City Council of said City.

Sec. 8. That the City Attorney of the City of Bloomington is hereby authorized and directed to file a petition in either the Circuit or County Court of McLean County, Illinois, in the name of the City of Bloomington, praying that steps may be taken to levy a special assessment to pay for said improvement, in accordance with the provisions of this ordinance and in the manner provided by law; and that he take any and all other steps necessary to carry this ordinance into effect.

Sec. 9. That all ordinances and parts of ordinances in conflict herewith be, and the same are hereby repealed.

Sec. 10. This ordinance shall be in full force and effect from and after its passage and approval.

Said water main shall also be provided with five (5) streamer fire hydrants set opposite the 10″x10″x8″ cast iron tees above located and provided for. Said fire hydrants shall be loca'ed eight (8) feet west of the east line of Prairie street and eight (8) feet south of the north line of Grove street, respectively, and be connected to said tees by means of eight (8) inch cast iron water pipe.

Said water main shall also be provided with one (1) 10-inch to 6-inch cast iron reducer located at the intersection of Prairie and Grove streets, and one (1) 10-inch to 4-inch cast iron reducer located at the intersection of Washington and Prairie streets.

Said wa'er main shall also be provided with one (1) 12-inch cast iron sleeve located at the intersection of Washington and Prairie streets, and one (1) 10-inch cast iron sleeve located at the intersection of Front and Prairie streets.

Said water main shall also be provided with three (3) 6-inch cast iron sleeves loca'ed as follows: Two (2) at the intersection of Front and Prairie streets and one (1) at the intersection of Grove and Prairie streets.

Said water main shall also be provided with two (2) 4-inch cast iron sleeves located as follows: One (1) at the intersection of Washington and Prairie streets, and one (1) at the intersection of Grove and East streets.

Said water main shall also be provided with two (2) 6-inch cast iron offsets located at the intersection of Grove and Prairie streets.

All of the above described water pipe shall be laid in a workmanlike manner under the superintendence of the Board of Local Improvements and the Superintendent of Water and Light of the City of Bloomington, as follows, to-wit: Each pipe shall be laid level on a firm bed. Excavations shall be made under the bell of each pipe, so that the entire length of pipe shall lie upon the bottom of the trench. All pieces of said pipe shall be close fitted and shall be caulked with two (2) inches of well rammed untarred rope yarn, above which shall be poured molten lead in such quantity, that after being compacted by caulking around the entire circumference of the pipe, the lead will stand flush with the outside of the bell of the pipe.

Spigots shall be concentrically placed in the bells of said pipes so as to admit a uniform thickness of gasket and lead.

The lead shall be of the best quality of soft caulking lead, free from antimony, tin or arsenic.

The cast iron pipe shall conform to Class "C", of the American Water Works Association. The ten inch cast iron pipe may be pipe that has been used, but which is in good serviceable condition. 12"x12"x10"x10" cast iron crosses shall weigh 577 pounds, 10"x10"x6"x6" cast iron crosses shall weigh 406 pounds, 10"x10"x10" cast iron tees shall weigh 395 pounds, 10"x10"x8" cast iron tees shall weigh 371 pounds, 10"x10"x4" cast iron tees shall weigh 338 pounds, 10-inch to 6-inch cast iron reducers shall weigh 160 pounds, 10-inch to 4-inch cast iron reducers shall weigh 132 pounds, 12-inch cast iron sleeves shall weigh 174 pounds, 10-inch cast iron sleeves shall weigh 123 pounds, 6-inch cast iron sleeves shall weigh 68 pounds, 4-inch cast iron sleeves shall weigh 47 pounds, and 6-inch cast iron offsets shall weigh 104 pounds, and no pipe or special casting shall be accepted the weight of which shall be less than five (5) per cent of the above amount.

Valves to be used shall have a double gate simple in construction and all working parts fully brass mounted, they shall have hub ends and stationary spindle and shall be so constructed as to open on turning to the left.

Fire hydrants to be used shall have an eight (8) inch hub and eight (8) inch barrel, one four (4) inch and four (4) two and one-half (2½) inch outlets fitted with independent cut-offs, and shall have a valve opening of not less than six and one-quarter (6¼) inches.

Cast iron valve boxes to be used shall be of the City's pattern, they shall be of variable height and shall be provided with a cast iron cover.

Cast iron valve basins to be used shall be what is known as the Clark Valve Housing No. 1188 or its equal, and shall be furnished in depths suitable to the depth of the water main where they are placed.

The bricks removed from the pavement along the line of this improvement shall be placed in neat piles by the Contractor, and upon the completion of the work the pavement will be relaid by the City of Bloomington.

Water pipe and specials shall be made with hub and spigot joints of a good quality of cast iron, and of such quality as shall make the metal of the castings strong, tough and of even grain, and soft enough to admit drilling and cutting. The metal shall be made without any mixture of cinder or other inferior metal and shall be melted in a cupola or air furnace and shall meet the following test:

Specimen bars of metal used, each twenty-six (26) inches long and two (2) inches wide by one (1) inch thick, when placed flatwise upon supports, twenty-four (24) inches apart ,and loaded in the center, shall support a load of nineteen hundred (1900) pounds and show a deflection of not less than three-tenths (3/10) of an inch before breaking.

Cast iron pipe shall be cast in dry sand moulds in a vertical position and the pipes and special castings shall be smooth, free from scales, lumps, blisters, sand holes and defects of every nature, which in the opinion of the Engineer unfits them for the use for which they are intended. No plugging of filling will be allowed.

All cast iron pipe and special castings shall be coated inside and out with coal tar varnish, both castings and varnish shall first have been heated to three hundred (300) degrees Fahrenheit immediately before being dipped.

The Superintendent of Water and Light, when notified one (1) day in advance, by the Contractor, that he intends to lay pipe, shall cause an Inspector to be placed on the work. At the end of each days laying the Contractor shall furnish and place an iron screw plug in the open end of the pipe in such manner as to keep all dirt and trash out of the main.

All water, gas, sewer or other pipes or conduits of any kind, are to be carefully supported and protected from injury by the Contractor while the excavations are being made and the backfilling finished, or, if necessary, until the proper officers shall remove or change the same.

All service pipes detached from the old mains to be removed along the

line of this improvement shall be connected with the new 10-inch main by the Contractor in a manner satisfactory to the Superintendent of Water and Light.

Sec. 2. Motion carried.

Presented by Alderman Harting.

Bloomington, Illinois, Sept. 2, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Sidewalk Committee to whom was referred the following resolutions would respectfully report that we have investigated the same and would recommend that the work be done.

Resolution by Alderman Gunn: That the Sup't. of Streets be and he is hereby instructed to cut down dead tree at 1313 W. Locust street.

Resolution by Alderman Schueth: That the request of Elmer Wersch at the southwest corner of Fell and University avenues for permission to cut curb for driveway be granted.

Respectfully submitted,
CHARLES H. HARTING,
P. J. IRVIN,
DEWITT GRAY,
Sidewalk and Bridge Committee.

On motion by Alderman Harting the report was adopted and recommendations concurred in.

On motion by Alderman Harting the petition of W. E. Kehr to install sign at 708 West Wood street and the petition of Carl C. Wilson to install sign at 516 N. Main street were referred to the City Electrician with power to act.

Presented by the Clerk.

Bloomington, Illinois, Sept. 2, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Now comes the McLean County Bank, a corporation, of Bloomington, McLean County, Illinois, and represents unto this honorable body that it is the owner of the West one-half of Lot 120 in James Allin's Addition to the City of Bloomington, being a vacant lot located at the Northeast corner of East and Jefferson streets in said City; that said lot extends from the corner North on East street 115 feet and East on Jefferson street 67.99 feet, and that said lot is now eight to twelve feet below the sidewalk level.

Petitioner further represents that they are desirous of improving said lot by filling in to the sidewalk level and constructing thereon an up-to-date Parking Place, consisting of a parking lot and fire-proof building suitable for office, rest-rooms, etc.

Wherefore, your petitioner requests the authority of this honorable body to cut the curb 60 feet on Jefferson street and 60 feet on East street and to construct a suitable fire-proof building; install gasoline pumps and tanks for the service of its customers, in conformity with the State Law.

Petitioner further represents that there will be no charge made for parking of church members on Sunday mornings; that they will be able to accommodate more than ten times as many parked cars as will be sacrificed by the cutting of the curbing.

All of which is respectfully submitted.

Dated this 30th day of August, A. D. 1932.

McLEAN COUNTY BANK,
By: W. L. RUST,
Its President.

On motion by Alderman Welch the petition was referred to the Fire Committee, Sidewalk Committee and Fire Marshal to investigate and report back.

Presented by Alderman Schueth.

Bloomington, Illinois, Sept. 2, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—The people of the three hundred block of East Graham street request that a light be installed at alley-way in center of block.

Signed by Seven Property Owners.

On motion by Alderman Schueth the petition was referred to the Light Committee.

Presented by Alderman Marquardt.

Bloomington, Illinois, Sept. 2, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—I would like a permit to lower the alley extending east and west between 1303 and 1305 North East street, beginning at the sidewalk at the west end and ending about forty feet beyond the back of the house at 1303, this work to be done so as to carry the water down the alley.

Also, permission to slightly slope the alley on the south side next to 1303 to make an approach to the garage.

Respectfully yours,
A. G. CARNINE.

Referred to the Streets and Alleys Committee and Sup't. of Streets.

RESOLUTION

Presented by Alderman Summers.

Bloomington, Illinois, Sept. 2, 1932.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That the City Attorney notify the foreman of the Lake Erie railroad to remove a pile of dirt on their right of way at Howard street.

Adopted.

Presented by the Clerk.

Bloomington, Illinois, Sept. 2, 1932.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That the Mayor and City Clerk be and hereby are authorized and directed to convey to the Town of Hudson, Illinois, on behalf and in the name of the City of Bloomington a right of way for road purposes sixty (60) feet wide over lands owned by the said City, commencing at the Northerly end of the bridge over the spillway just North of the dam at Lake Bloomington, in said Town of Hudson, and running in a Northerly direction to the North line of the lands now owned by said City, said deed to provide that the lands herein conveyed shall be used for road purposes only, and that said road shall not be moved after once being located without the permission of said City; that said City shall not be liable for any maintenance on said road, and that said land shall revert to said City if said road ever is abandoned or ceases to be used for road and highway purposes.

Motion by Alderman Welch that the resolution be adopted.

The Clerk was directed to call the roll, which resulted as follows:

Bloomington, Illinois, October 7, 1932

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Streets and Alleys Committee to which on September 30, 1932, there was referred a petition to vacate the alley running East and West in the block bounded by Lake street, Summit street, Miller street and Low street, respectfully would report that all the owners of the property abutting on said alley desire the said vacation and there is no advantage to the City generally in having the alley open.

Your Committee therefore recommends that the prayer of the petition be granted, and we are hereby presenting an ordinance vacating the said alley.

Dated this 7th day of October, A. D. 1932.

FRED OLSON,
DEWITT GRAY,
WILLIS SCHUETH,

AGREEMENT FOR MAINTENANCE OF CITY STREETS

THIS AGREEMENT, made and concluded this 7th day of October, A. D. 1932, between the State of Illinois, acting through the Department of Public Works and Buildings, hereinafter known as the "Department" and the City of Bloomington, Illinois, a municipal corporation organized and existing under and by virtue of the laws of the State of Illinois, hereinafter known as the "Corporation".

WITNESSETH, that for an in consideration of the covenants hereinafter mentioned, the corporation agrees to maintain, for a period ending not later than June 30, 1933, in a manner satisfactory to the Department the portions of certain streets or thoroughfares hereinafter described lying within the limits of said corporation; such maintenance to include all necessary repairs, cleaning and snow removal; the portions of the streets or thoroughfares to be maintained being described as follows:

> The central 20 feet of Locust street from the West City Limit to Main street and the Central 20 feet of Locust street from Linden street to the East City Limit, said portions of said streets or thoroughfares being used as an extension or part of State Route No. 9.

In consideration of the satisfactory maintenance of the foregoing described streets or thoroughfares by the corporation, the Department will pay the said corporation the actual cost of said maintenance (Including the sum of forty-four and 67/100 Dollars per annum for overhead expense incidental thereto) but in no instance shall the total amount for said maintenance and overhead exceed the rate of 0.0229 Dollars per square yard per year for the surface maintained, and in on case shall said cost exceed the sum of EIGHT HUNDRED NINETY THREE and 33/100 DOLLARS for the biennium ending June 30, 1933.

On March 31, June 30, September 30 and December 31 of each year the corporation shall submit to the Department itemized invoices in triplicate covering the actual cost incurred by the corporation in the maintenance of said streets or thoroughfares including said overhead expense incidental thereto during the preceding period. Upon receipt of and approval of said invoices by the Department the said Department will pay to the corporation the cost of such maintenance, including the proper proportionate amount for overhead expense for the period covered by said invoices.

It is further understood and agreed that the Department at its discretion shall have the right to terminate this agreement when in the judgment of the Department it is expedient to do so by giving written notice to the corporation at least thirty days in advance.

This agreement is executed on behalf of the corporation by the Mayor and Clerk of said corporation, who have been thereunto duly authorized by resolution duly adopted by the City Council of such corporation.

HERMAN J. BOCK,
Clerk.

WHEREAS, the City Council of the City of Bloomington, County of McLean, State of Illinois, did on the 30th day of December, 1931, enter into agreements with the State of Illinois through its Department of Public Works and Buildings in respect to the maintenance of certain streets or thoroughfares lying within the limits of the City of Bloomington, said streets or thoroughfares being used as extensions or parts of State Routes 4 and 9, and

WHEREAS, the moneys allotted for the maintenance of State Route 4 under such agreement are insufficient to cover the maintenance of said Route 4 in a proper manner for the period specified in the agreement while the moneys allotted for the maintenance of State Route 9 are in excess of the amount required to maintain said Route 9 in a proper manner for the period specified in the agreement, now

THEREFORE, be it resolved by the City Council of the City of Bloomington, County of McLean

First:—That we hereby request the Department of Public Works and Buildings, State of Illinois, to cancel and void the existing agreements in respect to the maintenance of the streets or thoroughfares above mentioned and to prepare new contracts increasing the sum of money allotted for the maintenance of State Route 4 by the sum of Three Hundred Seventy Seven and Seventy Five one hundredths Dollars ($377.75) and decreasing the sum of money allotted for the maintenance of State Route 9 by the same amount.

Second:—That we hereby authorize the Mayor and City Clerk of the City of Bloomington to accept, sign, and enter into such new agreements with the State of Illinois for and on behalf of the City of Bloomington.

On motion by Alderman Olson, duly seconded by Alderman Irvin the resolution was adopted.

On motion by Alderman Hayes the City Attorney was directed to take the necessary steps to abate the nuisance caused by coffee chaff emitting from what is known as the Humphrey Building and located on South Main street, and immediately west of the Viaduct.

On motion by Alderman Simshauser the City Attorney was directed to prepare an ordinance to prohibit the planting of shrubbery in lawns at street intersections.

On motion by Alderman Schueth the matter of reducing telephone rates was referred to the Judiciary Committee.

On motion by Alderman Donovan the meeting adjourned.

Bloomington, Illinois, October 21, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Water Board and Superintendent of Water and Light to whom was referred the bids for the installation of a heat recovery system in the Oil Power Plant, would respectfuly recommend the contract be awarded to the lowest bidder, P. H. MaGirl Foundry and Furnace Company, for the sum of $1,975.00

Respectfully,
M. B. HAYES,
VAL SIMSHAUSER,
H. A. WELCH,
Water Board.
C. C. WILLIAMS,
Supt. of Water and Light.

Motion by Alderman Hayes that the report be adopted and recommendations concurred in.

Presented by Alderman Harting.

Bloomington, Illinois, October 21, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Sidewalk Committee to whom was referred the following resolutions would respectfully report that we have investigated the same and would recommend that the work be done.

Resolution by Alderman Welch: That the Superintendent of Streets be and he is hereby directed to raise sidewalk at intersection of Front and State streets, on east side next to school grounds.

Resolution by Alderman Kurtz: That the Superintendent of Streets be and he is hereby directed to lower sidewalk slab at the southwest corner of Olive and McLean streets, raised by tree roots.

Resolution by Alderman Harting: That the Superintendent of Streets be and he is hereby instructed to lower one (1) concrete block at the northwest corner of Mill and Mason streets.

Respectfully submitted,
CHARLES H. HARTING,
P. J. IRVIN,
DEWITT GRAY,
Sidewalk and Bridges Committee.

On motion by Alderman Harting the report was adopted and recommendations concurred in.

Presented by Alderman Irvin.

Bloomington, Illinois, October 18, 1932.

Mr. P. J. Irvin, Alderman 7th Ward, 115 S. Weldon St., Bloomington, Ill.,

DEAR SIR:—A freight train on the Big Four Railroad held the Euclid Ave., crossing up for about 20 minutes this afternoon, from approximately 2:30 to 6 minutes to 3 o'clock. The following cars were held up by this train, besides myself:—

Truck D-3148, ElPaso, Ill. Truck B-13376, ElPaso, Ill. 9-101-839, Touring car. 1-161-722 Touring car. M-4043 Model Laundry wagon.

These people seemed very much peeved and put out by the delay. The Caboose number was P & E—15. Could not ascertain the engine number, as it was headed east, and stood well up towards Funk Bros. Seed Co. This crossing is frequently held up in a similar manner.

Respectfully,
MRS. A. G. LETSON.

On motion by Alderman Irvin the communication was referred to the City Attorney with instructions to notify the Railroad Company to cease blockading the crossing.

His Honor, the Mayor, submitted the following appointment for confirmation:

Special Police (Corn Belt Lumber Co.), Rudolph Miller.

On motion by Alderman Hayes the appointment was confirmed and the bond approved.

On motion by Alderman Summers the petition of Geo. Zampikos, 405 N. Main street, and the Standard Oil Co., at Madison and Front streets to install signs was referred to the City Electrician with power to act.

Presented by the Clerk.

AN ORDINANCE

CREATING PUBLIC WEIGHMASTERS, DEFINING THEIR POWERS AND FIXING THEIR DUTIES, REQUIRING CERTAIN LOADS TO BE WEIGHED OVER PUBLIC SCALES, GIVING CERTAIN POWERS TO THE SEALER OF WEIGHTS AND MEASURES, AND PROVIDING PENALTIES FOR THE VIOLATION OF THIS ORDINANCE.

Be It Ordained by the City Council of the City of Bloomington, Illinois:

Section 1. PUBLIC WEIGHMASTERS—ELIGIBILITY. Any person, firm or corporation owning a scale or scales suitable for weighing any commodity, produce or articles of merchandise in load lots, when contained in any wagon, auto truck or other vehicle, or in any quantity less than load lots when not contained in any such vehicle, shall be eligible for appointment as a public weighmaster in the City of Bloomington, upon complying with the provisions of this ordinance.

Section 2. APPLICATION—BOND—LICENSE FEE—CONTENTS OF LICENSE. Any person, firm or corporation owning a scale or scales suitable for weighing as aforesaid, desiring to be licensed as a public weighmaster, shall file an application in writing therefor. Said application shall set forth the location of the place of business for which such license is requested, shall contain a statement that the applicant agrees to be bound by the terms of this ordinance as now existing or hereafter amended, and all other ordinances of said City now or hereafter passed applicable to public weighmaster and a statement that the acceptance of any license under this ordinance shall constitute an agreement between the parties to such license, even though the license itself does not state such fact, that the said license may be revoked by the Mayor or by the Council whenever in the judgment of either the public welfare requires such revocation.

Such applicant also shall execute and present with his application a bond in favor of the City of Bloomington in the penal sum of One Thousand Dollars, with such sureties as may be approved by the Comptroller, conditioned for the faithful performance of such applicant's duties as a public weighmaster, and for the payment by such public weighmaster of any fine or fines which may be imposed upon him for any violation of said applicant's duties as such public weighmaster. Upon compliance with the conditions above stated and upon payment to the Comptroller of an annual license fee of Fifty Dollars, the Mayor shall issue a license authorizing such applicant to act as a public weighmaster.

The license so issued shall contain apt words indicating that the same is issued and accepted subject to the conditions and agreements hereinbefore set forth and contained in the application for the same.

Section 3. DEPUTY WEIGHMASTERS. Each public weighmaster shall have the power to appoint all necessary deputies to tend to such scales, but each deputy weighmaster shall furnish a bond in the same sum and conditioned in the same manner as that furnished by the public weighmaster. Each such deputy weighmaster shall pay to the Comptroller the sum of Five Dollars as an annual license fee. Each public weighmaster appointing any deputy weighmaster shall be answerable for any and all acts of such deputy in connection with his duties, but such responsibilities shall not relieve the deputy weighmaster of liability for his own acts. Any public weighmaster shall have the right to cancel such appointment, and upon doing so he shall immediately notify the Sealer of Weights and Measures, and thereupon such deputy shall cease to have any authority to weigh any commodity.

Section 4. SCALE—HOW PROVIDED—INSPECTION. Each public weighmaster shall provide his own scales, which shall be of a kind approved

by the Sealer of Weights and Meausres, and such scales shall be kept properly adjusted and repaired at the expense of said public weighmaster. He shall have such scales inspected by the said Sealer, at least once every six months, and oftener if required.

Section 5. SHALL WEIGH UPON REQUEST. All public weighmasters shall weigh all commodities, to the capacity of their respective scales, when requested to do so by the person bringing the same to the scale of such weighmaster at any reasonable time during each day, except Sundays and public holidays.

Section 6. CHARGES FOR WEIGHING. Public weighmasters, when not the owners or sellers of the articles, commodities or produce weighed by them, shall be entitled to charge and receive a sum not in excess of Twenty-Five Cents for each and every load or part of a load of any commodity, produce, or articles of merchandise weighed by them over their scales.

Section 7. SEAL—USE OF. Each public and deputy weighmaster shall procure a seal at his own expense, which seal shall be round in form, not to exceed one and one-quarter inch in diameter and of a type similar to a Notary Public's seal. The seal of a public weighmaster shall show his name around the upper half of the dies and his title around the lower half of the dies. The seal of a deputy weighmaster shall have the name of the weighmaster who appointed him around the upper half of the dies, with his own name across the center and his title around the lower half of the dies. Such seal shall be stamped over the weights set forth upon each certificate issued by such public or deputy weighmaster. No deputy weighmaster shall use his seal on any weight certificate other than the one of the public weighmaster by whom he has been appointed.

Section 8. WEIGHT CERTIFICATES. Each public weighmaster shall issue a weight certificate, signed by him or his deputy, under his official seal, which certificate shall state thereon the following: the commodity, produce, article or articles weighed; the date; the name of the weighmaster or deputy who did the weighing; the name and address of the person, firm or corporation for whom the weighing was done; the name of the driver of the vehicle or the person bringing the articles to the scales; where contained in a vehicle, the kind of vehicle and the name and address of the purchaser or consignee of the commodity; when the commodity is loaded in a vehicle, the total or gross weight of the commodity and the conveyance in which it is loaded, together with the driver and any other person who may be on the vehicle when weighed, and the horses, if a horse-drawn vehicle and the horses are weighed; the tare weight or the weight of the vehicle, as above; the net weight of the commodity contained in such vehicle, or the net weight of the commodity when not contained in a vehicle at the time of weighing. In no case shall any public weighmaster state in his certificate the tare weight of any vehicle until after he shall have weighed the vehicle in such manner as to secure the weight as specified herein.

Section 9. RECORDS—INSPECTION OF. Each public weighmaster shall keep and preserve a carbon copy of each weight certificate issued which collectively shall be an active record of all weighing performed by him or his deputies. Such certificates shall be numbered consecutively and all of them must be accounted for, and they shall be retained and preserved by such weighmaster for a period of at least two years after the weighing is performed. Such records shall be open to inspection by the Sealer of Weights and Measures and his deputies, and to members of the Police Department.

Section 10. NO OTHER SCALES—STREET SCALES PROHIBITED—EXPIRATION OF LICENSE. No person shall use or keep any scale within the City for weighing any commodity for fee or reward except public weighmasters who have complied with the provisions of this ordinance. No person shall use or keep any scale in any street, alley or other public place within the City unless duly authorized by the City Council. No public weighmaster whose license has expired shall weigh any commodity for fee or reward or issue any weight certificate until he shall have secured a new license.

Section 11. ISSUING CERTIFICATE GIVING FALSE WEIGHT. Any public weighmaster or any deputy who shall issue a certificate of weight giving a false weight of any commodity weighed by him shall be deemed guilty

of a violation of this ordinance, and upon a conviction thereof the Mayor may cancel his license and may thereafter refuse to issue a license to him in the same or succeeding year. Any fine imposed against such public weighmaster or deputy may be enforced against his surety under the bond furnished as hereinbefore required.

Section 12. REQUESTING FALSE CERTIFICATE. Any person, firm or corporation that shall request any public weighmaster or deputy weighmaster to weigh any commodity falsely or incorrectly, or shall request a false or incorrect certificate of weight, shall be deemed guilty of a violation of this ordinance.

Section 13. LOADS MUST BE WEIGHED—DELIVERY OF CERTIFICATE. Every load of any commodity, produce or other article or articles of merchandise sold in load lots by weight, delivered by wagon, truck or other vehicle within the City, shall be weighed by public weighmaster before it is delivered; a certificate of weight for each such load, issued by such public weighmaster, shall be delivered by the driver or person in charge of the wagon, truck or other vehicle to the purchaser or consignee of such load, or to his or their agent, at the time of delivery and before any of the commodity is removed from the vehicle. Such certificates shall be delivered to the Sealer of Weights and Meausres or any of his deputies upon demand. When a delivery is made and there is no person present to receive such commodity, and the purchaser or consignee, or his or their agent, cannot be located, the certificate of weight shall be posted conspicuously at the place of delivery before any of the commodity is removed from the vehicle.

In all cases in which a load of any commodity originates and comes from a distance outside the City which would make it impracticable first to weigh the vehicle unloaded before it is weighed loaded, the weight certificate required before the delivery of the commodity shall be obtained in the following manner: The driver or person in charge of the vehicle shall proceed to the scale of a public weighmaster and cause the loaded vehicle to be weighed. The driver or person in charge shall present to the public weighmaster a delivery ticket showing the name and address of the seller, the name and address of the purchaser or consignee, and the commodity with which the vehicle is loaded. The public weighmaster shall write or stamp upon said delivery ticket apt words to the effect that said ticket is not a weight certificate, but that a weight certificate will be issued after the vehicle is weighed unloaded, and that delivery of the commodity cannot be completed until such issuance, and return the delivery ticket to the driver or person in charge of said vehicle. The driver or person in charge shall proceed directly to the point of delivery, and he shall in no way do anything that would change the weight of the vehicle or its contents. On arrival at the point of delivery the aforesaid delivery ticket shall be delivered to the consignee or his agent as provided in the case of a weight certificate. After the commodity is unloaded the driver or person in charge immediately shall return to the same public weighmaster, in no way changing or altering the weight of th vehicle, and have the said vehicle weighed and a weight certificate duly issued, and immediately shall return and deliver said certificate to the purchaser or his agent in the manner above provided. Any failure to carry out the provisions of this paragraph without delay shall constitute a violation of this ordinance.

Section 14. CERTIFICATE NOT TO BE ALTERED. No person shall alter any certificate of any public weighmaster, or use or attempt to use the same for any other load or parcel that the one for which said certificate was issued. No person after the weighing and before the sale or delivery of any load or parcel, shall diminish the quantity thereof.

Section 15. RE-WEIGHING—POWER OF SEALER OF WEIGHTS AND MEASURES. It shall be the duty of every person, firm or corporation delivering any commodity in load lots by weight, and of the driver or person in charge of the vehicle used in the delivery thereof, upon the request of the Sealer of Weights and Meausres, or any of the deputies, to convey such load to the scale of some public weighmaster selected by said Sealer or such deputy, and permit the weighing of the gross weight of such load, and after the delivery of such load to return forthwith with the vehicle and equipment used in the delivery thereof to the same scale and permit the accertainment of the tare weight for the purpose of verifying the net weight of such load as shown by the weight certificate.

Section 16. OBSTRUCTION OF RE-WEIGHING. Any person, firm or corporation who in any manner shall hinder or obstruct the Sealer of Weights and Measures, or any of said deputies, in obtaining the net weight of the commodity delivered or attempted to be delivered, shall be guilty of a violation of this ordinance and fined accordingly.

Section 17. UNDERWEIGHT DELIVERY—FALSE CERTIFICATE—REFUSAL OF INSPECTION. Any person, firm or corporation selling or delivering, or attempting to deliver any load lot of any commodities, produce or other article or articles of merchandise sold in load lot by weight, delivered by wagon, truck of other vehicle within the City, of a quantity less than that called for by the delivery ticket, or any public weighmaster or deputy who shall issue a certificate which does not correctly state the information required to be given by virtue of Section 8 of this ordinance, or issues a certificate which does not give the result of the actual weighing of such load, and any driver or person in charge of any vehicle who shall fail, neglect or refuse to deliver to the Sealer of Weights and Meausres, or any of the deputies, upon demand, the certificate before such load or any part thereof is removed from the vehicle, or who shall refuse to comply with the request of such Sealer or his deputy to re-weigh said load in order that the weights stated in said certificate may be verified, shall be deemed guilty of a violation of this ordinance. Whenever the re-weighing is done on a scale other than the scale on which the weighing was originally done, a variance of one per cent or less in the net weight of the load lot between the net weight as set forth in the original certificate and the net weight as aforesaid by re-weighing shall be considered a violation of this ordinance.

Section 18. NET WEIGHT—MEANING OF. When any commodity, produce, article or articles are sold subject to public weighmaster's weights the net weight shown in the weight certificate issued by such public weighmaster shall be taken to be the true net weight of the same, subject to the right of re-weighing as herein provided. Net weight, within the meaning of this ordinance, shall be the actual weight of the commodity, produce, article or articles excluding the weight of the vehicle, if any, in which it is loaded, and excluding the weight of the horses and driver of such vehicle, or either of them as the case may be, if such harses and driver, or either of them, be weighed as a part of the tare weight.

Section 19. WEIGHMASTER CAN WEIGH OWN COMMODITIES. Nothing contained in this ordinance shall be construed to prevent any person, firm or corporation engaged in the business of selling any commodity, produce or article of merchandise which ordinarily is delivered by wagon, truck or other vehicle, from becoming public weighmasters and appointing deputy weighmasters to weigh the commodity, produce or article being sold and delivered by such person, firm or corporation; and any weight certificate issued by such person, firm or corporation, or by the deputies appointed by the same, covering the commodity sold by such person, firm or corporation, shall be of the same effect as the weight certificate issued by any other public weighmaster.

Section 20. PENALTY. Any person, firm or corporation, including any weighmaster or deputy weighmaster, violating any of the provisions of this ordinance shall be fined in a sum not less than Ten Dollars nor more than Two Hundred Dollars for each offense.

Section 21. ICE EXCLUDED. Ice sold in load lots by weight is exempted from the provisions of this ordinance.

Section 22. Each separate section and each separate provision of each section of this ordinance shall be deemed independent and separate from every other section and provision, and the invalidity of any section or part of a section of this ordinance shall not affect the validity of the remainder of said section or the remainder of this ordinance, it being the intention of the City Council of said City to enact as a law each separate provision herein regardless of its relationship to any or all of the other provisions, and regardless of the invalidity of any other provision.

Section 23. REPEAL. That Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, and 15 of Article 3, of Chapter 6, being General Sections Numbers 394, 395, 396, 397 398, 399, 400, 401, 402, 403, 404, 405 and 408, of the Revised Ordinances of the City of Bloomington, Illinois, passed by the City Council of said City and approved by the Mayor thereof on November 30, 1917, and in force January

1, 1918, be and the same hereby repealed. All ordinances or parts of ordinances in conflict herewith hereby are repealed.

Section 24. This ordinance shall be in full force and effect from and after its passage, approval and publication according to law.

Motion by Alderman Sargent that the ordinance be passed.

On substitute motion by Alderman Hayes the ordinance was laid over one week.

Presented by the Clerk.

Bloomington, Illinois, October 28, 1932

To the Board of Local Improvement of the City of Bloomington, Illinois:

GENTLEMEN:—We the undersigned property owners on Hinshaw avenue, east side, between Market street and Monroe street respectfully petition your Board for the construction of a concrete sidewalk along this property.

J. A. Zulz, 405 N. Hinshaw avenue, 40-ft. frontage.
Frank Kerner, 1318 W. Market street, 150-ft. frontage.

On motion by Alderman Olson the petition was referred to the Board of Local Improvements.

On motion by Alderman Gray the petition of the Great States Insurance Company to install sign at 104 East Monroe street was referred to the City Electrician with power to act.

Presented by the Clerk.

Bloomington, Illinois, October 28, 1932

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEENM:—For sometime there has been agitation and requests for the improvement of the traffic conditions on East Jefferson street from East street eastward, particularly between East street and Prairie.

Double parking is permitted on this street which you will recognize is quite narrow and as a result of the double parking the ability for two autos going in opposite directions to pass is greatly minimized. As a result several accidents have happened in that territory and the condition is one which presents an element of danger at all times that cars are parked on both sides of the street.

The members of the Board of Directors of the Association of Commerce who are business men and tax payers and users of this street request that your Honorable Body consider the advisability of making some change in traffic regulations that will make for greater safety.

It was suggested that it might be made a one way street between East and Prairie streets; or that no parking be permitted in that same territory; or that parking be permitted only on the south side of the street. This latter plan was most generally favored and it is believed that its adoption would be beneficial to all persons driving autos and using that street. For this reason we ask that such action as is best in your judgment be taken at once.

Yours very truly,

BLOOMINGTON ASSOCIATION OF COMMERCE.

FRED W. WOLLRAB, *President*
F. D. E. BABCOCK, *Secretary.*

On motion by Alderman Welch the communication was referred to the Police Committee.

Presented by the Clerk.

Bloomington, Illinois, October 28, 1932

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your petitioners, landlords and taxpayers of the City of Bloomington, respectfully represent to your honorable body, that the landlords are subjected to annoyance and expense by being compelled to pay the water rent left unpaid by former tenants, who have used and enjoyed the privileges of the city water supply.

We therefore, petition you to enact a law whereby the tenant must leave with the city water department $3.00 deposit to cover the water rent for at least one month and we pray the City Water Department to discontinue the water supply as soon as the user fails to pay.

(Signed by 126 Property Owners).

On motion by Alderman Gunn the petition was referred to the Water Board.

On motion by Alderman Sargent the ordinance creating Public Weighmasters was laid over one week, and that a public meeting be held on Wednesday, November 2, 1932 to give the ordinance further consideration.

On motion by Alderman Donovan the meeting adjourned.

Motion carried.

The Clerk read the following petition:

Bloomington, Illinois, November 10th, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

We, whose names appear on the petition enclosed, herewith, request that immediate action be taken to discontinue State Highway Number Four from Morris Avenue to Main on Oakland Avenue. We have endured this for almost seven years. The up and down grade of Oakland Avenue necessitates the frequent shifting of gears, the running of cars for blocks, especially huge trucks in second, thus driving a person to distraction—the gaseous odors that come into our homes make life almost unbearable—the inability to park our cars in front of our own homes has long been despaired of. Our pavement, which was never meant for such heavy traffic, is wrecked before some of us have even paid for it.

We feel we have served our time in contributing to the States convenience —let some other street have said traffic while the proper route from Six Points over Power Lane to Main is being prepared. We trust that no further action will be necessary on our part.

THE PETITIONERS.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

We, the undersigned citizens of Bloomington, and residents of West Oakland Avenue from Main street, to Morris Avenue, herby petition your Honorable Body, to make arrangements with the Department of Public Highways, for a change in the routing of State Highway number 4, in order that the same shall not cross through a thickly congested residential section of the City of Bloomington. Your petitioners further represent that West Oakland Avenue, offers a serious hazard to the lives of children and others due to the fact, that it is a narrow street, and passes through a section adjacent to a public school and St. Joseph's Hospital.

Respectfully submitted,
THE 67 PETITIONERS.

On motion by Alderman Hayes the petition was referred to the Streets & Alleys, Police Committee and City Attorney.

The Clerk read the following:

Bloomington, Illinois, November 10th, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

The undersigned, being the independent truckers and haulers of the City of Bloomington, Illinois, ask this honorable body not to pass the weighmaster's ordinance as it now stands and for grounds thereof we show the following reasons:

(1). The license fee charged together with the expense of installing a scale would be prohibitive for the truckers.

(2). The use of a competitor's scale would ruin a small dealer's business. Under the present set-up, there is no place for haulers to weigh except on a private competitors scale. It would require the small dealer and haulers to give his competitor his list of customers and would make him publish his business, while the large dealer could keep his secret.

(3). The ordinance is limited as it now stands, as we understand it, to coal, coke and wood and this is an unjust discrimination as other commodities and even other fuels are eliminated from the ordinance.

(4). The present ordinance while not in use, if enforced would be sufficient to take care of all that is necessary.

(5). We believe that a public scale would eliminate all these objections and would be self sustaining and we pledge ourselves that if a public scale is placed in operation, we will patronize it.

Respectfully submitted,
16 PETITIONERS.

On motion by Alderman Hayes the petition was referred to the Judiciary and License Committee.

Presented by Alderman Hayes.

Bloomington, Illinois, November 4th, 1932.

Mr. Mark Hayes, Chairman of Water Board.

DEAR SIR: Would like to have permission to tap water main at corner of Lincoln and Clayton streets, and carry a three-quarter (¾") inch water service down between sidewalk and curb line, a distance of one hundred seventy-five (175) feet for water supply at 706 E. Lincoln street. The well at this address cannot be used any more.

Very truly yours,
HOMER ENGLISH.

On motion by Alderman Hayes that the petition be granted.

Presented by Alderman Harting.

Bloomington, Illinois, November 10th, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

We, the undersigned, having rented the garage building located at 110 S. Madison street, formerly known as Taylor's Garage, and owned by Dwight D. Moore, hereby petition your Honorable Body for a permit to install Gasoline pumps on the sidewalk in front of the said premises for the purpose of selling Gasoline at retail.

Gasoline tanks have been in the ground at said place for many years, and the Gasoline pumps have only recently been removed for the purpose of installing new pumps.

We hereby guarantee that all rules and regulations governing the sales of Gasoline and operating of Gasoline pumps will be strictly adhered to.

J. H. PUMPHREY,
DANA CLARK.

On motion by Alderman Harting the petition was granted.

RESOLUTION

Presented by Alderman Schueth.

Bloomington, Illinois, November 10th, 1932.

Be It Resolved by the Council of the City of Bloomington, Illinois:

That the City Attorney be and he is hereby directed to notify the Illinois Central R. R. Co., to repair foot crossings at their tracks on Walnut street.

Adopted.

The Clerk presented the application and bond of J. M. Wattels to operate as an Auctioneer.

On motion by Alderman Donovan the application and bond were referred to the License Committee.

On motion by Alderman Donovan the meeting adjourned.

Bloomington, Illinois, November 18, 1932

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Water Board to which on October 28, 1932, there was referred a petition of a number of property owners asking that we enact an ordinance whereby a tenant must make a deposit of $3.00 to cover water rent for at least one month, respectfully would report that we have investigated the matter. This is not altogether a new suggestion, but has been made and considered several times in the past.

In the first place we do not see how we could recommend an ordinance of this nature which would apply to tenants alone, since property owners themselves often become in default, while in the great majority of cases tenants pay promptly, and thus a distinction between tenants who are water users and property owners who are water users hardly would seem fair.

Our water rate ordinance, as amended on June 19, 1931, contains a requirement that any person who is in default, no matter at what premises said default occured, shall not be supplied with city water again until such person has paid up the back water rent in full and has deposited $4.00 as a guaranty of the payment of future water bills. We think that this provision takes care of that class of persons who are habitually delinquent in their water rents, and thus eliminates a large portion of trouble.

Such a requirement as is proposed by the petitioners, especially in view of the fact that it would have to embrace every water user, would require a very great amount of extra bookkeeping in the Comptroller's Office and would be an added expense which the City at this time is not in condition to bear. If a landlord is in doubt concerning his tenant it is possible for him to require that the tenant put up a deposit with the landlord against the water rent, and request the Comptroller to notify the landlord if the tenant gets behind in his water rent.

After going over the situation thoroughly we are of the opinion and would recommend that the water rate ordinance be left as it now stands on this subject.

Dated this 18th day of November, A. D. 1932.

M. B. HAYES,
VAL SIMSHAUSER,
H. A. WELCH,
Water Board.

Motion by Alderman Hayes that the report be adopted and recommendations concurred in.

The Clerk was directed to call the roll, which resulted as follows:

Ayes: Welch, Simshauser, Hayes, Harting, Sargent, Kurtz, Olson, Irvin. 8.

Nays: Gray, Summers, Donovan, Gunn, Schueth, Marquardt. 6.

Motion carried.

Presented by Alderman Irvin.

Bloomington, Illinois, November 18, 1932

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Streets and Alleys Committee to whom was referred the following resolutions would respectfully report that we have investigated the same and would recommend that the work be done:

Resolution by Alderman Summers: That the Sup't. of Streets be and he is hereby requested to cut down grade of alley between Mulberry and Locust street, and Western Avenue and Hinshaw Avenue.

Resolutions by Alderman Harting and Hayes: That the Sup't. of Streets be and he is hereby directed to repair pavement on Oakland Avenue, between Lee and Mason streets.

Respectfully submitted,
FRED OLSON,
DEWITT GRAY,
WILLIS SCHUETH,
Streets and Alleys Committee.

On motion by Alderman Olson the report was adopted and recommendations concurred in.

Presented by Alderman Irvin.

Bloomington, Illinois, November 18, 1932

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your License Committee to which on November 19, 1932, there was referred the bond of J. M. Wittels accompanying his application for a license as an auctioneer, respectfully would report that the ordinances of the City require that the said bond be signed by the applicant and two more sureties to be approved by the Council. Our investigation and information shows that said bond is not signed by two financially responsible sureties, and therefore should not be approved by the Council.

We recommend that the bond be rejected, and not approved.

Dated this 17th day of November, A. D. 1932.

Respectfully submitted.

P. J. IRVIN,
HARRY MARQUARDT,
FRANK H. GUNN,
License Committee.

On motion by Alderman Irvin the report was adopted and recommendations concurred in.

Presented by Alderman Sargent.

Bloomington, Illinois, November 18, 1932

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Judiciary and License Committee to whom was referred an ordinance "Creating Public Weighmasters, etc," beg to report that we have held three open meetings on this ordinance also several conferences.

After due consideration we recommend the passage of this ordinance.

Dated this 18th day of November, A. D. 1932.

A. L. SARGENT,
Chairman Judiciary Committee.
P. J. IRVIN,
HARRY MARQUARDT,
WILLIS SCHUETH,
FRANK H. GUNN,
License Committee.

On motion by Alderman Sargent the report was adopted and recommendations concurred.

The following ordinance was read by the Clerk.

AN ORDINANCE
CREATING PUBLIC WEIGHMASTERS, DEFINING THEIR POWERS AND FIXING THEIR DUTIES, REQUIRING CERTAIN LOADS TO BE WEIGHED OVER PUBLIC SCALES, GIVING CERTAIN POWERS TO THE SEALER OF WEIGHTS AND MEASURES, AND PROVIDING PENALTIES FOR THE VIOLATION OF THIS ORDINANCE.

Be It Ordained by the City Council of the City of Bloomington, Illinois:

Section 1. PUBLIC WEIGHMASTERS—ELIGIBILITY. Any person, firm or corporation owning a scale or scales suitable for weighing any commodity, produce or articles of merchandise in load lots, when contained in any wagon, auto truck or other vehicle, or in any quantity less than load lots when not contained in any such vehicle, shall be eligible for appointment as a public weighmaster in the City of Bloomington, upon complying with the provisions of this ordinance.

Section 2. APPLICATION—BOND—LICENSE FEE—CONTENTS OF LICENSE. Any person, firm or corporation owning a scale or scales suitable for weighing as aforesaid, desiring to be licensed as a public weighmaster, shall file an application in writing therefor. Said application shall set forth the location of the place of business for which such license is requested, shall contain a statement that the applicant agrees to be bound by the terms of this ordinance as now existing or hereafter amended, and all other ordinances of said City now or hereafter passed applicable to public weighmaster and a statement that the acceptance of any license under this ordinance shall constitute an agreement between the parties to such license, even though the license itself does not state such fact, that the said license may be revoked by the Mayor or by the Council whenever in the judgment of either the public welfare requires such revocation.

Such applicant also shall execute and present with his application a bond in favor of the City of Bloomington in the penal sum of Two Hundred Dollars, with such sureties as may be approved by the Comptroller, conditioned for the faithful performance of such applicant's duties as a public weighmaster, and for the payment by such public weighmaster of any fine or fines which may be imposed upon him for any violation of said applicant's duties as such public weighmaster. Upon compliance with the conditions above stated and upon payment to the Comptroller of an annual license fee of Fifty Dollars, the Mayor

shall issue a license authorizing such applicant to act as a public weighmaster.

The license so issued shall contain apt words indicating that the same is issued and accepted subject to the conditions and agreements hereinbefore set forth and contained in the application for the same.

Section 3. DEPUTY WEIGHMASTERS. Each public weighmaster shall have the power to appoint all necessary deputies to tend to such scales, but each deputy weighmaster shall furnish a bond in the same sum and conditioned in the same manner as that furnished by the public weighmaster. Each such deputy weighmaster shall pay to the Comptroller the sum of Five Dollars as an annual license fee. Each public weighmaster appointing any deputy weighmaster shall be answerable for any and all acts of such deputy in connection with his duties, but such responsibilities shall not relieve the deputy weighmaster of liability for his own acts. Any public weighmaster shall have the right to cancel such appointment, and upon doing so he shall immediately notify the Sealer of Weights and Measures, and thereupon such deputy shall cease to have any authority to weigh any commodity.

Section 4. SCALE—HOW PROVIDED—INSPECTION. Each public weighmaster shall provide his own scales, which shall be of a standard make and capable of weighing accurately. Such scales shall be kept in good order and properly adjusted and repaired at all times at the expense of said public weighmaster. He shall have such scales inspected by the Sealer of Weights and Measures at least once every six months, and oftener if required.

Section 5. SHALL WEIGH UPON REQUEST. All public weighmasters shall weigh all commodities, to the capacity of their respective scales, when requested to do so by the person bringing the same to the scale of such weighmaster at any reasonable time during each day, except Sundays and public holidays.

Section 6. CHARGES FOR WEIGHING. Public weighmasters, when not the owners or sellers of the articles, commodities or produce weighed by them, shall be entitled to charge and receive a sum not in excess of Twenty-Five Cents for each and every load or part of a load of any commodity, produce, or articles of merchandise weighed by them over their scales.

Section 7. SEAL—USE OF. Each public and deputy weighmaster shall procure a seal at his own expense, which seal shall be round in form, not to exceed one and one-quarter inch in diameter and of a type similar to a Notary Public's seal. The seal of a public weighmaster shall show his name around the upper half of the dies and his title around the lower half of the dies. The seal of a deputy weighmaster shall have the name of the weighmaster who appointed him around the upper half of the dies, with his own name across the center and his title around the lower half of the dies. Such seal shall be stamped over the weights set forth upon each certificate issued by such public or deputy weighmaster. No deputy weighmaster shall use his seal on any weight certificate other than the one of the public weighmaster by whom he has been appointed.

Section 8. WEIGHT CERTIFICATES. Each public weighmaster shall issue a weight certificate, signed by him or his deputy, under his official seal, which certificate shall state thereon the following: the commodity, produce, article or articles weighed; the date; the name of the weighmaster or deputy who did the weighing; the name and address of the person, firm or corporation for whom the weighing was done; the name of the driver of the vehicle or the person bringing the articles to the scales; where contained in a vehicle, the kind of vehicle and the name and address of the purchaser or consignee of the commodity; when the commodity is loaded in a vehicle, the total or gross weight of the commodity and the conveyance in which it is loaded, together with the driver and any other person who may be on the vehicle when weighed, and the horses, if a horse-drawn vehicle and the horses are weighed; the tare weight or the weight of the vehicle, as above; the net weight of the commodity contained in such vehicle, or the net weight of the commodity when not contained in a vehicle at the time of weighing. In no case shall any public weighmaster state in his certificate the tare weight of any vehicle until after he shall have weighed the vehicle in such manner as to secure the weight as specified herein.

Section 9. RECORDS—INSPECTION OF. Each public weighmaster shall keep and preserve a carbon copy of each weight certificate issued which collectively shall be an active record of all weighing performed by him or his deputies. Such certificates shall be numbered consecutively and all of them must be accounted for, and they shall be retained and preserved by such weighmaster for a period of at least two years after the weighing is performed. Such records shall be open to inspection by the Sealer of Weights and Measures and his deputies, and to members of the Police Department.

Section 10. NO OTHER SCALES—STREET SCALES PROHIBITED—EXPIRATION OF LICENSE. No person shall use or keep any scale within the City for weighing any commodity for fee or reward except public weighmasters who have complied with the provisions of this ordinance. No person shall use or keep any scale in any street, alley or other public place within the City unless duly authorized by the City Council. No public weighmaster whose license has expired shall weigh any commodity for fee or reward or issue any weight certificate until he shall have secured a new license.

Section 11. ISSUING CERTIFICATE GIVING FALSE WEIGHT. Any public weighmaster or any deputy who shall issue a certificate of weight giving a false weight of any commodity weighed by him shall be deemed guilty of a violation of this ordinance, and upon a conviction thereof the Mayor may cancel his license and may thereafter refuse to issue a license to him in the same or succeeding year. Any fine imposed against such public weighmaster or deputy may be enforced against his surety under the bond furnished as hereinbefore required.

Section 12. REQUESTING FALSE CERTIFICATE. Any person, firm or corporation that shall request any public weighmaster or deputy weighmaster to weigh any commodity falsely or incorrectly, or shall request a false or incorrect certificate of weight, shall be deemed guilty of a violation of this ordinance.

Section 13. COAL, COKE, ETC., TO BE WEIGHED WHEN—DELIVERY OF CERTIFICATE. Every load of coal, coke, firewood or other fuel sold in load lots by weight, delivered by wagon, truck or other vehicle within the City, shall be weighed by public weighmaster before it is delivered; a certificate of weight for each such load, issued by such public weighmaster, shall be delivered by the driver or person in charge of the wagon, truck or other vehicle to the purchaser of consignee of such load, or to his or their agent, at the time of delivery and before any of the commodity is removed from the vehicle. Such certificates shall be delivered to the Sealer of Weights and Measures or any of his deputies upon demand. When a delivery is made and there is no person present to receive such commodity, and the purchaser or consignee, or his or their agent, cannot be located, the certificate of weight shall be posted conspicuously at the place of delivery before any of the commodity is removed from the vehicle.

In all cases in which a load of any commodity originates and comes from a distance outside the City which would make it impracticable first to weigh the vehicle unloaded before it is weighed loaded, the weight certificate required before the delivery of the commodity shall be obtained in the following manner: The driver or person in charge of the vehicle shall proceed to the scale of a public weighmaster and cause the loaded vehicle to be weighed. The driver or person in charge shall present to the public weighmaster a delivery ticket showing the name and address of the seller, the name and address of the purchaser or consignee, and the commodity with which the vehicle is loaded. The public weighmaster shall write or stamp upon said delivery ticket apt words to the effect that said ticket is not a weight certificate, but that a weight certificate will be issued after the vehicle is weighed unloaded, and that delivery of the commodity cannot be completed until such issuance, and return the delivery ticket to the driver or person in charge of said vehicle. The driver or person in charge shall proceed directly to the point of delivery, and he shall in no way do anything that would change the weight of the vehicle or its contents. On arrival at the point of delivery the aforesaid delivery ticket shall be delivered to the consignee or his agent as provided in the case of a weight certificate. After the commodity is unloaded the driver or person in charge immediately shall return

to the same public weighmaster, in no way changing or altering the weight of the vehicle, and have the said vehicle weighed and a weight certificate duly issued, and immediately shall return and deliver said certificate to the purchaser or his agent in the manner above provided. Any failure to carry out the provisions of this paragraph without delay shall constitute a violation of this ordinance.

Section 14. CERTIFICATE NOT TO BE ALTERED. No person shall alter any certificate of any public weighmaster, or use or attempt to use the same for any other load or parcel that the one for which said certificate was issued. No person after the weighing and before the sale or delivery of any load or parcel, shall diminish the quantity thereof.

Section 15. RE-WEIGHING—POWER OF SEALER OF WEIGHTS AND MEASURES. It shall be the duty of every person, firm or corporation delivering any load of coal, coke, firewood or other fuel sold in load lots by weight, and of the driver or person in charge of the vehicle used in the delivery thereof, upon the request of the Sealer of Weights and Measures, or any of his deputies, to convey such load to the scale of some public weighmaster selected by said Sealer or such deputy, and permit the weighing of the gross weight of such load, and after the delivery of such load to return forwith with the vehicle and equipment used in the delivery thereof to the same scale and permit the ascertainment of the tare weight for the purpose of verifiying the net weight of such load as shown by the weight certificate.

Section 16. OBSTRUCTION OF RE-WEIGHING. Any person, firm or corporation who in any manner shall hinder or obstruct the Sealer of Weights and Measures, or any of said deputies, in obtaining the net weight of the commodity delivered or attempted to be delivered, shall be guilty of a violation of this ordinance and fined accordingly.

Section 17. UNDERWEIGHT DELIVERY—FALSE CERTIFICATE—REFUSAL OF INSPECTION. Any person, firm or corporation selling or delivering or attempting to deliver any load of coal, coke, firewood or other fuel sold in load lot by weight, delivered by wagon, truck or other vehicle within the City of a quantity less than called for by the delivery ticket, or any public weighmaster or deputy who shall issue a certificate which does not correctly state the information required to be given by virtue of Section 8 of this ordinance, or issues a certificate which does not give the result of the actual weighing of such load, and any any driver or person in charge of any vehicle who shall fail, neglect or refuse to deliver to the Sealer of Weights and Measures, or any of the deputies, upon demand, the certificate before such load or any part thereof is removed from the vehicle or who shall refuse to comply with the request of such Sealer or his deputy to re-weigh said load in order that the weights stated in said certificate may be verified, shall be deemed guilty of a violation of this ordinance. Whenever the re-weighing is done on a scale other than the scale on which the weighing was originally done, a variance of one per cent or less in the net weight of the load lot between the net weight as set forth in the original certificate and the net weight as aforesaid by re-weighing shall not be considered a violation of this ordinance.

Section 18. NET WEIGHT—MEANING OF. When any commodity, produce, article or articles are sold subject to public weighmaster's weights the net weight shown in the weight certificate issued by such public weighmaster shall be taken to be the true net weight of the same, subject to the right of re-weighing as herein provided. Net weight, within the meaning of this ordinance, shall be the actual weight of the commodity, produce, article or articles excluding the weight of the vehicle, if any, in which it is loaded, and excluding the weight of the horses and driver of such vehicle, or either of them as the case may be, if such horses and driver, or either of them, be weighed as a part of the tare weight.

Section 19. WEIGHMASTER CAN WEIGH OWN COMMODITIES. Nothing contained in this ordinance shall be construed to prevent any person, firm or corporation engaged in the business of selling any commodity, produce or article of merchandise which ordinarily is delivered by wagon, truck or other vehicle, from becoming public weighmasters and appointing deputy weighmasters to weigh the commodity, produce or article being sold and delivered by such person, firm or corporation; and any weight certificate issued by such person, firm or

corporation, or by the deputies appointed by the same, covering the commodity sold by such person, firm or corporation, shall be of the same effect as the weight certificate issued by any other public weighmaster.

Section 20. PENALTY. Any person, firm or corporation, including any weighmaster or deputy weighmaster, violating any of the provisions of this ordinance shall be fined in a sum not less than Ten Dollars nor more than Two Hundred Dollars for each offense.

Section 21. ICE EXCLUDED. Ice sold in load lots by weight is exempted from the provisions of this ordinance.

Section 22. Each separate section and each separate provision of each section of this ordinance shall be deemed independent and separate from every other section and provision, and the invalidity of any section or part of a section of this ordinance shall not affect the validity of the remainder of said section or the remainder of this ordinance, it being the intention of the City Council of said City to enact as a law each separate provision herein regardless of its relationship to any or all of the other provisions, and regardless of the invalidity of any other provision.

Section 23. REPEAL. That Sections 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, and 15 of Article 3, of Chapter 6, being General Sections Numbers 394, 395, 396, 397 398, 399, 400, 401, 402, 403, 404, 405 and 408, of the Revised Ordinances of the City of Bloomington, Illinois, passed by the City Council of said City and approved by the Mayor thereof on November 30, 1917, and in force January 1, 1918, be and the same hereby repealed. All ordinances or parts of ordinances in conflict herewith hereby are repealed.

Section 24. This ordinance shall be in full force and effect from and after its passage, approval and publication according to law.

Bloomington, Illinois, November 18, 1932

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—We are facing the fourth winter of mass unemployment, hunger, and cold. Over 1,500,000 workers of our state are out of employment as a result of the economic crisis. While the workers who remain on the job find their incomes cut to the bone. Families of the unemployed, women and children, are actually facing starvation. Evictions are taking place, foreclosures on the homes of workers and poor farmers.

In a conference held in Springfield, Ill., Nov. 15 with 88 working class organizations represented it was decided that we send delegates to petition Congress to grant the following demands:

1. No evictions—No foreclosures on the houses of the workers and farms of the poor farmers.
2. Adequate winter relief for the unemployed by the State.
3. Social and unemployed insurance at the expense of the employers and the government.

Funds for this to be raised by a graduated income tax on all incomes of $5,000 00 or over.

A column of 100 delegates representing various working class organizations will arrive in Bloomington on their way to Washington to petition Congress for these demands.

We, under the authority vested in us petition your honorable body to provide a meeting hall for these delegates to stop for a short rest, also to provide one meal for each delegate on Nov. 25, 1932 at 11:00 a. m.

We shall be pleased to have your prompt action on this matter as provision must be made to provide for these delegates.

Yours respectfully,

Provisional Committee of Bloomington for the Support of the National Hunger March and the Winning of Winter Relief.

ROY WHITTINGHILL,
Chairman.

On motion by Alderman Olson seconded by Alderman Simshauser, the petition was granted, it being understood that the expense would not exceed Twenty-Five ($25.00) Dollars.

On motion by Alderman Welch, the petition of Errington and Pitzer to install sign at 302 N. Madison street was referred to the City Electrician with power to act.

On motion by Alderman Welch, the petition of Randall and Dabney to install sign at 102 East Monroe street was referred to the City Electrician with power to act.

RESOLUTIONS

Presented by Alderman Summers.

Bloomington, Illinois, November 18, 1932

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That we be prepared for what may come in December or later that the License Committee and City Attorney are requested to draft an ordinance to

take care of the return of beer. Any grocery, drug store, confectionery, restaurant or department stores and soft drink places be issued a license upon the payment of $1,000 for one year, to be paid in 10 equal installments, wholesalers shall pay the sum of $1,200. RESOLUTION

PROVIDING FOR THE ISSUANCE OF ONE HUNDRED TWENTY-FIVE THOUSAND DOLLARS ($125,000) EDUCATIONAL PURPOSE BONDS OF THE SCHOOL DISTRICT OF THE CITY OF BLOOMINGTON, IN McLEAN COUNTY, ILLINOIS.

WHEREAS, this, the Board of Education, constituting the corporate authorities of the School District of the City of Bloomington, in McLean County, Illinois, heretofore determined that it was for the best interests of this District that it issue bonds for the purpose of securing funds for educational purposes for this District; and

WHEREAS, the Board finds that this District has a population of less than 500,000, is governed by a Special Charter, and is authorized to issue such bonds pursuant to the provisions of an Act entitled: "An Act authorizing the corporate authorities of school districts having a population of less than 500,000 inhabitants, and existing by virtue of any special charter, to issue bonds for educational purposes", approved May 7, 1932; and

WHEREAS, pursuant to such determination and the statute applicable thereto this Board adopted a resolution directing that an election be held in and for said District on November 8, 1932, to vote upon said proposition; and

WHEREAS, the corporate authorities of this District directed the authority required by law to give notice of general elections held within the City, to give notice that the proposition to issue One Hundred Twenty-Five Thousand Dollars ($125,000) bonds for the purpose of securing funds for educational purposes would be submitted to the voters of such District on November 8, 1932; and

WHEREAS, notice of said election was posted in some public place in each election precinct within the District twenty (20) days prior to the date of election and such notice was also published once each week for two successive weeks in The Daily Pantagraph, a secular newspaper of general circulation in, and published in the City of Bloomington, Illinois, where such School District is situated, which said notice so posted and published stated that said proposition would be submitted to the voters at said time, and specified the places at which said election would be held, all as required by law; and

WHEREAS, said election has been held and the returns thereof have been canvassed as required by law, and the Board of Election Commissioners for the City of Bloomington, Illinois, have made report to this Board that on said proposition so submitted to the voters on November 8, 1932, 12,380 votes were cast in favor thereof, and 2,737 votes were cast against the same, and that a majority of all the votes cast upon said proposition were cast in favor thereof; and

WHEREAS, it is for the best interests of this District that such bonds in the amount so authorized be issued at once for the purpose of securing funds for educational purposes for such District;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF EDUCATION OF THE SCHOOL DISTRICT OF THE CITY OF BLOOMINGTON, IN McLEAN COUNTY, ILLINOIS:

Section 1. It is hereby found, determined and declared that this Board is authorized to issue bonds for the purpose of securing funds for educational purposes in the par amount of One Hundred Twenty-Five Thousand Dollars ($125,000).

Section 2. That in order to raise said sum of One Hundred Twenty-Five Thousand Dollars ($125,000) there be borrowed on the credit of, for and on behalf of this District the sum of One Hundred Twenty-Five Thousand Dollars ($125,000) and that bonds of this District be issued therefor; that such bonds be dated November 15, 1932, be numbered from 1 to 125 inclusive, be of the denomination of $1,000 each, be due and payable in numerical order a sfollows:

$ 5,000 on November 15, 1934;
$ 6,000 on November 15, 1935;
$ 7,000 on November 15, 1936;
$ 8,000 on November 15, in each of the years 1937 and 1938;
$ 9,000 on November 15, 1939;
$10,000 on November 15, in each of the years 1940 to 1945 inclusive; and
$11,000 on November 15, in each of the years 1946 and 1947,

bear interest at the rate of Five Per Cent (5%) per annum, payable November 15, 1933, and semi-annually thereafter on the fifteenth day of May and November in each year, and that said bonds be signed by the President and Secretary of this Board and by two members of this Board and be registered, numbered and countersigned by the Treasurer of this District who receives the taxes of this District, and that the interest accruing o nsuch bonds be evidenced by coupons thereto attached maturing on the several days when such interest matures, and the said coupons to be signed by the President and Secretary of this Board, by

their respective facsimile signatures, which said officials, by the execution of said bonds, shall adopt as and for theid own proper signatures their respective facsimile signatures appearing on said coupons; that said bonds and coupons be payable at the First National Bank of Chicago, Chicago, Illinois, and that such bonds and coupons be payable to bearer, provided, however, that said bonds be subject to registration as to principal in the name of the holder on the books of the Treasurer of this District who receives the taxes of said District, such registration to be evidenced by notation of said Treasurer upon the back of bonds so registered, and no bond so registered shall be subject to transfer except upon such books and similarly noted on the back thereof, unless the last registration shall have been to bearer. Registration of any bond shall not affect the negotiability of the coupons thereto attached, but such coupons shall continue transferable by delivery merely.

Section 3. That such bonds and coupons be in substantially the following form:

UNITED STATES OF AMERICA
STATE OF ILLINOIS COUNTY OF McLEAN
SCHOOL DISTRICT OF THE CITY OF BLOOMINGTON
EDUCATIONAL FUND BOND

No..... $1,000.

KNOW ALL MEN BY THESE PRESENTS, That School District of the City of Bloomington, in McLean County, Illinois, hereby acknowledges itself to owe and for value received promises to pay to bearer, or if this bond be registered, then to the registered holder hereof the sum of One Thousand Dollars ($1,000) on the 15th day of November, 19...., together with interest thereon at the rate of five per cent (5%) per annum from date until paid, payable November 15, 1933, and semi-annually thereafter on the fifteenth days of May and November in each year on presentation and surrender of the interest coupons hereto attached as they severally become due. Both principal hereof and interest hereon are hereby made payable in lawful money of the United States of America at the First National Bank of Chicago, Chicago, Illinois.

For the prompt payment of this bond, both principal and interest as aforesaid at maturity, the full faith, credit and resources of said School District are hereby irrevocably pledged.

This bond is issued by said School District for the purpose of securing funds for educational purposes in full compliance with an Act of the General Assembly of the State of Illinois, entitled: "An Act authorizing the corporate authorities of school districts having a population of less than 500,000 inhabitants, and existing by virtue of any special charter, to issue bonds for educational purposes," approved May 7, 1932, and an Act entitled: "An Act to establish and regulate a system of public schools in the City of Bloomington",, approved February 16, 1857, and all acts amendatory or supplementary to either of said laws, and is authorized at an election duly called and held in and for said District and by resolution duly adopted by the Board of Education of said District for that purpose.

This bond is subject to registration as to principal in the name of the holder on the books of the Treasurer of this District who receives the taxes of this District, such registration to be evidenced by notation of said Treasurer on the back hereof, and after such registration no transfer hereof, except upon such book and similarly noted hereon shall be valid, unless the last registration shall have been to bearer. Registration of this bond shall not affect the negotiability of the coupons hereto attached, which coupons shall continue negotiable by delivery merely notwithstanding registration hereof.

It is hereby certified and recited that it appears from the records of this Board that all acts, conditions and things required by law to exist or to be done precedent to and in the issuance of this bond, did exist, have happened, been done and performed in regular and due form and time as required by law; that this District is a duly organized and existing corporation under the laws of the State of Illinois; that the indebtedness of this District, including this bond, and the series of which it forms a part, does not now exceed any limitation imposed by law, and that provision has been made for the collection of a direct

annual tax upon all the taxable property in the District sufficient to pay the interest hereon as it falls due, and also to constitute a sinking fund for the payment of principal hereof at maturity.

IN TESTIMONY WHEREOF, said School District by its Board of Education has caused this bond to be signed by its President and Secretary and by two members of this Board, and to be registered, numbered and countersigned by the Treasurer of this District who receives the taxes of this District, and the coupons hereto attached to be signed by the President and Secretary of this Board by their facsimile signatures, which said officials, by the execution hereof, do adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons, all this 15th day of November, 1932.

Section 4. That the bonds hereby authorized bearing numbers 1 to 125 inclusive in the aggregate amount of One Hundred Twenty-Five Thousand Dollars ($125,000) be executed as in this resolution provided as soon after the passage hereof as may be, and thereupon be deposited with the Treasurer of this District and be by him delivered to the purchaser thereof, C. W. McNear Co., Chicago, Illinois, upon payment of the purchase price therefor, heretofore agreed upon, the same being the par value of said bonds, contract for the purchase of said bonds is hereby confirmed, and said bonds shall be delivered in compliance therewith; that said bonds before being issued shall be numbered, registered

and countersigned by the Treasurer of this District, such registration to be made in a book provided for that purpose in which shall be entered a certified copy of this resolution and a description of the bond issued, including the number, date, to whom issued, amount, rate of interest and when due.

Section 5. That in order to provide for the collection of a direct annual tax sufficient to pay the interest on said bonds as it falls due, and also to create a sinking fund sufficient to pay and discharge the principal thereof at maturity, there be and there is hereby levied upon all of the taxable property within said District a direct annual tax in each of the years while said bonds or any of them are outstanding and unpaid in amounts sufficient for that purpose, and that there be and there is hereby levied upon all of the taxable property in said School District a direct annual tax suffiicient to produce the several amounts in the following years, collectible in the next respective succeeding year, as set out below:

For the year 1932 a tax sufficient to produce the sum of $9,375 to pay interest to and including May 15, 1934;

For the year 1933 a tax sufficient to produce the sum of $11,125 to pay principal and interest;

For the year 1934 a tax sufficient to produce the sum of $11,850 to pay principal and interest;

For the year 1935 a tax sufficient to produce the sum of $12,525 to pay principal and interest;

For the year 1936 a tax sufficient to produce the sum of $13,150 to pay principal and interest;

For the year 1937 a tax sufficient to produce the sum of $12,750 to pay principal and interest;

For the year 1938 a tax sufficient to produce the sum of $13,325 to pay principal and interest;

For the year 1939 a tax sufficient to produce the sum of $13,850 to pay principal and interest;

For the year 1940 a tax sufficient to produce the sum of $13,350 to pay principal and interest;

For the year 1941 a tax sufficient to produce the sum of $12,850 to pay principal and interest;

For the year 1942 a tax sufficient to produce the sum of $12,350 to pay principal and interest;

For the year 1943 a tax sufficient to produce the sum of $11,850 to pay principal and interest;

For the year 1944 a tax sufficient to produce the sum of $11,350 to pay principal and interest;

For the year 1945 a tax sufficient to produce the sum of $11,825 to pay principal and interest;

For the year 1946 a tax sufficient to produce the sum of $11,275 to pay principal and interest;

Section 6. That interest on, or principal of said bonds maturing at any time when there are not sufficient funds on hand from the foregoing tax levy to pay the same, be paid promptly from the general funds of this District, and such funds shall be reimbursed out of the taxes hereby levied when same shall have been collected.

Section 7. That forwith upon the adoption of this resolution and its recordation in the records of this Board, a copy thereof duly certified by the President and Secretary of this Board shall be submitted to the City Clerk of the City of Bloomington, Illinois, with a request that same be submitted to the City Council for its approval and the levy of taxes consistent with this resolution and in compliance with an Act entitled: "An Act authorizing the corporate authorities of school districts having a population of less than 500,000 inhabitants, and existing by virtue of any special charter, to issue bonds for educational purposes," approved May 7, 1932, and an Ace entitled: "An Act to establish and regulate a system of public schools in the City of Bloomington," approved February 16, 1857, and all acts amendatory or supplementary to either of said laws, and thereupon a duly certified copy of the ordinance of said City levying such

taxes, accompained by a certified copy of this resolution shall be filed with the Treasurer of this District who shall keep the same among his records pertinent to this bond issue and thereupon another duly certified copy of such ordinance and this resolution shall be filed with the County Clerk of McLean County, Illinois, and it shall thereupon be the duty of such County Clerk of said County, in each of the years 1932 to 1946 inclusive, to ascertain the rate necessary to produce the tax hereby provided and extend the same for collection on the tax books against all of the property situated within the territory now constituting this District in connection with other taxes levied in each of said years for general corporate purposes and in each of said years such annual tax shall be extended and collected in like manner as taxes for general purposes in each of said years are extended and collected, and when collected the tax hereby levied shall be placed to the credit of a special fund to be designated "Educational Purpose Bond Fund, 1932" which is hereby irrevocably pledged to and shall be used only for the purpose of paying principal of and interest on the bonds herein authorized.

Section 8. That the funds received from the proceeds of these bonds shall be used for the purpose set out in these proceedings and none other.

Section 9. This resolution shall be in full force and effect immediately upon its adoption and approval, and all resolutions or parts of resolutions in conflict herewith be and the same are hereby repealed.

Presented by Alderman Olson.

Bloomington, Illinois, December 9, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Streets and Alleys Committee to whom was referred the resolution of Alderman Gunn; That the Sup't. of Streets be and he is hereby instructed to raise up wood box culverts at alley intersection, between Morris avenue and Livingston street, on Empire street, would respectfully report that we have investigated the same and would recommend that the work be done.

Respectfully submitted,
FRED OLSON,
DEWITT GRAY,
WILLIS SCHUETH,
Streets and Alleys Committee.

On motion by Alderman Olson the report was adopted and recommendations concurred in.

Presented by Alderman Gray.

Bloomington, Illinois, December 9, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—Your Police Committee to which was referred a communication asking that parking be restricted in the 200 block on East Jefferson street, respectfully would report that although the street in this block is not wide, there still is room for traffic when cars are parked on both sides of the street. To

restrict parking in this long block so close to the business district would eliminate a large amount of parking accomodation which is greatly needed. We believe that the loss of this parking space would not be compensated for by the better traffic conditions resulting from restricted parking, and would recommend that the regulations as to this block be left as they are at present.

Respectfully submitted,
DEWITT GRAY,
CHARLES H. HARTING,
C. H. KURTZ,
Streets and Alleys Committee.

On motion by Alderman Gray the report was adopted and recommendations concurred in.

Presented by the Clerk.

INDEMNITY INSURANCE COMPANY OF NORTH AMERICA

Philadelphia, Penn., December 7, 1932.

City Clerk, City of Bloomington, Illinois:

DEAR SIR:—This Company executed a $3,000.00 Plumber's License Bond on behalf of Lacy T. Love, 1414 Croxton avenue, Bloomington, Illinois, and the bond was filed in your office.

Mr. Love informs us that he does not want this bond any longer, therefore, we would like to terminate our liability. Will you kindly sign the enclosed release and mail it to us in the self-addressed, stamped envelope.

Your cooperation will be very much appreciated.

Yours very truly,
E. C. JAMIESON, *Vice President.*

On motion by Alderman Hayes the communication was referred to the License Committee.

Presented by the Clerk.

Bloomington, Illinois, December 8, 1932.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—This invitation is extended to the Mayor and Aldermen of the City Council of Bloomington, Illinois. It is to a meeting to be held at the McLean County Farm Bureau hall at the corner of Monroe and Center streets on Wednesday night, December the 14th at seven-thirty o'clock. This meeting we believe will be of much interest as well as of great benefit to every citizen of Bloomington and Normal and surrounding trritory, and you are urged to attend. Your presence will show that you are interested in this community. Your absence might show that you are not interested.

The following organizations have been invited to this meeting: The Trades and Labor Assembly of Bloomington, Association of Commerce of Bloomington, Association of Commerce of Normal, City Council of Bloomington, City Council of Normal, Farmers Grain Dealers Association, Farm Bureau, Chairman of Railroad Crafts, Chairman of Brotherhood of Railroad Trainmen, Bankers Clearing House Association, Retail Grocer Merchants, Illinois Bar Association, Automobile Dealers Association, Illinois Insurance Association and other organizations.

The sole purpose of this meeting is to try to arrange with the President or Vice President of the B. & O. railroad, otherwise known as the Chicago & Alton railroad, to try to induce them in some way or other to employ more men at our railroad shops.

This meeting follows a meeting which I called with the chairmen of the different railroad crafts of the B. & O. railroad. They were there one hundred per cent, and had the indorsement of all the railroad employees. This meeting lasted approximately two hours, and after thoroughly discussing the matter, we decided to call a meeting of this kind. I was asked to make arrangements for such a meeting, which I have done, and I am mailing you this letter at their request. They will be at this meeting to help cooperate in every way possible.

There will be no soliciting or collecting at this meeting. It will just be a get together meeting to help relieve the labor situation and the relief committee in this community, and it will be of benefit to every citizen and business concern.

Hoping that you and your organization will be represented at this meeting, I remain,

Very sincerely yours,
MAURICE O. KALAHAR

On motion by Alderman Summers the communication was received.

His Honor, the Mayor, submitted the following appointment for confirmation.

Deputy Inspector of Weights and Measures——Charles E. Long.

The Clerk presented the bond of Charles E. Long.

On motion by Alderman Simshauser the appointment was confirmed and the bond approved.

Motion by Alderman Simshauser that a Committee be appointed by His Honor, the Mayor to confer with the authorities of the Township of the City of Bloomington, the Emergency Relief Commission and the Unemployed Councils to evolve some plan whereby persons obtaining relief may render voluntary services on public projects should they choose to do so.

Motion carried.

The Clerk presented the reports of the Health Director, Garbage Inspector, Plumbing Inspector, Comptroller and Treasurer.

Bloomington, Illinois, December 6, 1932.

GENTLEMEN:—For your approval I herewith submit my report showing the receipts and expenditures and financial statement at the close of business November 30, 1932.

AGREEMENT FOR MAINTENANCE OF CITY STREETS

THIS AGREEMENT, made and concluded this 23rd day of December, A. D. 1932, between the State of Illinois, acting through the Department of Public Works and Buildings, hereinafter known as the "Department" and the City of Bloomington, Illinois, a municipal corporation organized and existing under and by virtue of the laws of the State of Illinois, hereinafter known as the "corporation."

WITNESSETH, that for and in consideration of the covenants hereinafter mentioned, the corporation agrees to maintain, for a period ending not later than June 30, 1933, in a manner satisfactory to the Department the portions of certain streets or thoroughfares hereinafter described lying within the limits of said corporation; such maintenance to include all necessary repairs, cleaning and snow removal; the portions of the streets or thoroughfares to be maintained being described as follows:

The central 20 feet of Oakland avenue between Main street and Morris avenue and the central 20 feet of Morris avenue from Oakland avenue to Miller street, said portions of said streets or thoroughfares being used as an extension or part of State Route 4.

In consideration of the satisfactory maintenance of the foregoing described streets or thoroughfares by the corporation, the Department will pay the said corporation the actual cost of said maintenance (including the sum of Seventy-seven and 55/100 Dollars per annum for overhead expenses incidental thereto) but in no intsance shall the total amount for said maintenance and overhead exceed the rate of 0.0758 Dollars per square yard per year for the surface maintained, and in no case shall said cost exceed the sum of $1,551.07 for the biennium ending June 30, 1933.

On March 31, June 30, September 30 and December 31 of each year the corporation shall submit to the Department itemized invoices in triplicate covering the actual cost incurred by the corporation in the maintenance of said streets or thoroughfares including said overhead expenses incidental thereto during the preceeding period. Upon receipt of and approval of said invoices by the Department the said Department will pay to the corporation the cost of such maintenance, including the proper proportionate amount for overhead expense for the period covered by said invoices.

It is further understood and agreed that the Department at its discretion shall have the right to terminate this agreement when in the judgment of the Department it is expedient to do so by giving written notice to the corporation at least thirty days in advance.

This agreement is executed on behalf of the corporation by the Mayor (or President) and Clerk of said corporation, who have been thereunto duly authorized, by resolution duly adopted by the City Council (or Board of Trustees) of such corporation.

AGREEMENT FOR MAINTENANCE OF CITY STREETS

THIS AGREEMENT, made and concluded this 23rd day of December, A. D. 1932, between the State of Illinois, acting through the Department of Public Works and Buildings, hereinafter known as the "Department" and the City of Bloomington, Illinois, a municipal corporation organized and existing under and by virtue of the laws of the State of Illinois, hereinafter known as the "corporation."

WITNESSETH, that for and in consideration of the covenants hereinafter mentioned, the corporation agrees to maintain, for a period ending not later than June 30, 1933, in a manner satisfactory to the Department the portions of certain streets or thoroughfares hereinafter described lying within the limits of said corporation; such maintenance to include all necessary repairs, cleaning and snow removal; the portions of the streets or thoroughfares to be maintained being described as follows:

The central 20 feet of Clinton St. between Locust St. and Washington St., the central 20 feet of Washington St. between Clinton St. and McClun St., the central 20 feet of McClun St. between Washington St. and Oakland Ave., the central 20 feet of Oakland Ave. between McClun St. and the LeRoy Road and the central 20 feet of the LeRoy Road between Oakland Ave. and the South City limit, said portions of said streets or thoroughfares being used as an extension or part of State Route No. 39.

In consideration of the satisfactory maintenance of the foregoing described streets or thoroughfares by the corporation, the Department will pay the said corporation the actual cost of said maintenance (including the sum of Fifty and 27/100 Dollars per annum for overhead expense incidental thereto) but in no instance shall the total amount for said maintenance and overhead exceed the rate of 0.0342 Dollars per square yard per year for the surface maintained, and in no case shall said cost exceed the sum of $1,005.37 for the biennium ending June 30, 1933.

On March 31, June 30, September 30 and December 31 of each year the corporation shall submit to the Department itemized invoices in triplicate covering the actual cost incurred by the corporation in the maintenance of said streets or thoroughfares including said overhead expenses incidental thereto during the preceeding period. Upon receipt of and approval of said invoices by the Department the said Department will pay to the corporation the cost of such maintenance, including the proper proportionate amount for overhead expense for the period covered by said invoices.

It is further understood and agreed that the Department at its discretion shall have the right to terminate this agreement when in the judgment of the Department it is expedient to do so by giving written notice to the corporation at least thirty days in advance.

This agreement is executed on behalf of the corporation by the Mayor (or President) and Clerk of said corporation, who have been thereunto duly authorized, by resolution duly adopted by the City Council (or Board of Trustees) of such corporation.

Presented by the Clerk.

Know all Men by These Presents, that I, Joseph Smith, of Bloomington, McLean County, Illinois, for and in consideration of the sum of One ($1.00) Dollar to me in hand paid by the City of Bloomington, a municipal corporation, of McLean County, Illinois, and the payment of my regular wages during the time I was incapacitated by the accident hereinafter described, receipt of all of which hereby acknowledged, have remised, released and forever discharged, and by these presents, do for myself, my heirs, executors, administrators and assigns, remise, release and forever discharge the said City of Bloomintgon and its successors of and from all manner of action and actions, cause and causes of action, suits, debts, claims and demands whatsoever, at law or in equity, which I ever had or now had, or which I or my heirs, executors, administrators or assigns, hereafter can, shall or may have by reason of a certain accident occurring to me while in the employ of said City on or about November 15, 1932, near the corner of Main and Wood streets in said City, when a ladder upon which I was working slipped and threw me to the ground, bruising my left side and otherwise injuring me, and by reason of any matter, cause or thing whatsoever arising out of any dealings, transactions or employment between myself and the said City up to this day.

In Witness Whereof, I have hereunto set my hand and seal this 31st day of December, A. D. 1932.

JOSEPH SMITH [*Seal*]

STATE OF ILLINOIS, ss.
County of McLean,

I, Sara Neville, a Notary Public in and for the said County in the State aforesaid, do hereby certify that Joseph Smith, personally known to me to be the same person whose name is subscribed to the foregoing instrument, appeared before me this day in person and acknowledged that he signed, sealed and delivered the said instrument as his free and voluntary act for the uses and purposes therein set forth.

Given under my hand and notarial seal this 31st day of December, A. D. 1932. [*Seal*]

SARA NEVILLE, *Notary Public.*

On motion by Alderman Olson the release was received and placed on file.

On motion by Alderman Welch the reports of the Chief of Police and Garbage Inspector were received and placed on file.

The Clerk presented the following report:

Bloomington, Illinois, January 6, 1933.

To the Honorable Mayor and City Council of the City of Bloomington, Illinois:

GENTLEMEN:—The following monthly report of the Water and Light Department, for the month of December, 1932.

Respectfully submitted,
C. C. WILLIAMS,
Supt. of Water and Light.

On motion by Alderman Welch the report was received and placed on file.

Alderman Val Simshauser presented his plan for more water mains and elevated storage tanks before the Council and an invited audience of about 25 and explained that the success of his plan hinged on a proposal to sell more electricity from the municipal plant to consumers. The electricity he would plan to sell would not be available, however, until after his proposed project of water mains and storage tanks are completed, and would require the construction of additional electric lines for additional services to consumers.

On motion by Alderman Donovan the meeting adjourned.

RESOLUTIONS

Presented by Alderman Gray.

Bloomington, Illinois, January 13th, 1933.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That the Superintendent of Water and Light be and he is hereby directed to place a stop and go sign at the corner of Monroe and East streets.

Referred to the Police Committee.

Presented by Alderman Summers.

Bloomington, Illinois, January 13th, 1933.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That the Special Committee on the Gas and Telephone rates are hereby requested to at once file a request with the new State Commerce Commission asking that the rates of said utilities be revised and made reasonable.

Referred to the Special Committee.

His Honor, the Mayor, reported to the Council that the Special Committee together with himself, met with officials of the Gas Company, and obtained a promise from them to take up with higher officials of their company at Terre Haute the Council's request for a reduction in gas rates. "We are to have an answer in a short time," His Honor

stated, "and if we are not able to obtain a reduction through the co-operation then we will go to the State Commerce Commission."

Presented by Aldrman Donovan.

Bloomington, Illinois, January 13th, 1933.

Be It Resolved by the City Council of the City of Bloomington, Illinois:

That the Police Committee be and is hereby directed to make a full and complete investigation of the Sheridan arrest and report back to this Council Friday, January 20th, 1933.

His Honor, the Mayor, read the following report:

Bloomington, Illinois, January 13th, 1933.

To the City Council of the City of Bloomington, Illinois:

I hereby report to you that on January 10, 1932, I removed and discharged Roy Crawford from the office of Motorcycle Patrolman of the City of Bloomington. In my opinion the interests of the City demanded such removal. The reasons for such removal were that on December 27, 1932, the said Crawford participated in the arrest of one James Sheridan, and complaints were made concerning the conduct of the officers making said arrest. On January 10, 1933, I held an investigation of the facts concerning said arrest, and the conduct of said Crawford during said investigation and immediately thereafter was such that I became convinced that he did not have the proper poise and temperament to be upon the Bloomington Police Force. During said investigation he quesioned and talked to witnesses in an improper manner, and after the result of said investigation was announced he made statements and threats which plainly showed he was not qualified for his position. His conduct was entirely unbecoming to a member of the Bloomington Police Force, and I therefore removed him at that time.

Dater this 13th day of January, A. D. 1933.

Respectfully submitted,
BEN S. RHODES, *Mayor.*

On motion by Alderman Donovan the resolution as presented by him was adopted.

On motion by Alderman Simshauser the matter of salary of the City Treasurer was referred to the Finance Committee.

On motion by Alderman Donovan the meeting adjourned.
